ACADEMICS

From 8:10 in the morning to 2:30 in the afternoon, from the cafeteria to the classroom, one confronts the people in authority. The administration, teachers, secretaries who regulate our activities here at Wheaton. They are **"The Enforcers".**

Message to the Seniors

A very important moment in each of your lives is rapidly approaching — Graduation Day. This occasion is doubly significant: On one hand you are completing the final year of your Secondary school training, and on the other you are taking the big step whether into College life, the world of work or the Armed Forces.

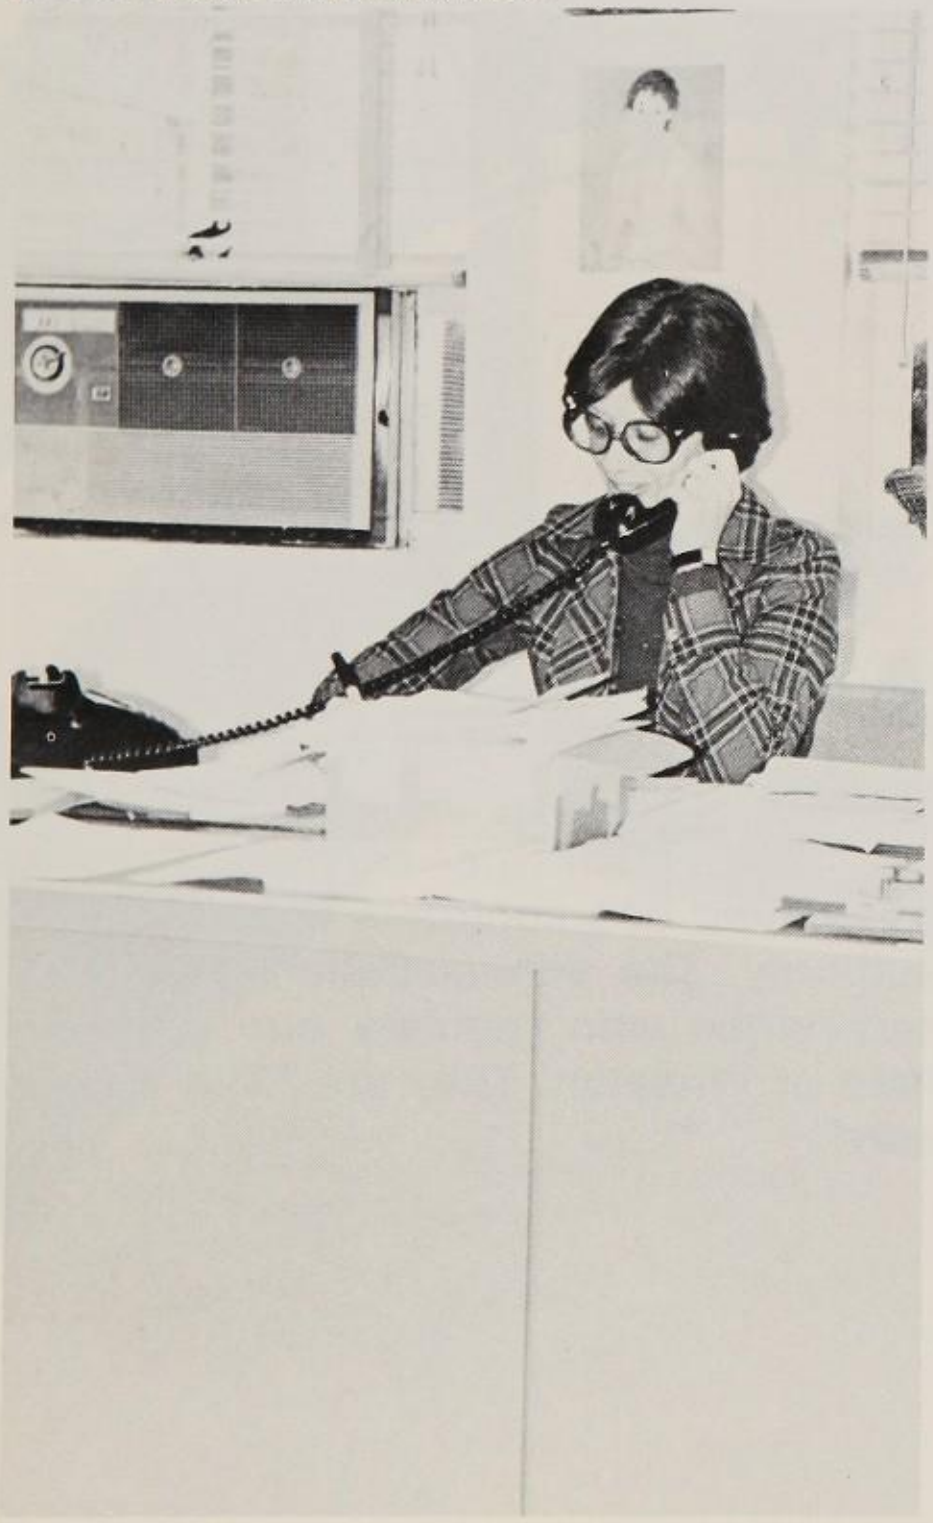
As this day approaches I find myself with mixed feelings — joy and happiness for your successful completion of the academic requirements of this institution and, conversely, a feeling of sadness as your class prepares to leave.

To me the class of 1978 will always be a special class: a class that competed successfully in all curricular and extracurricular activities; a class that possessed a deep sense of loyalty and devotion. May I thank each of you sincerely for your leadership, your energy, your time and your effort.

On behalf of the administration, the staff and the rest of the student body may I wish for you a happy, healthy life.

Dr. Eugene Moran

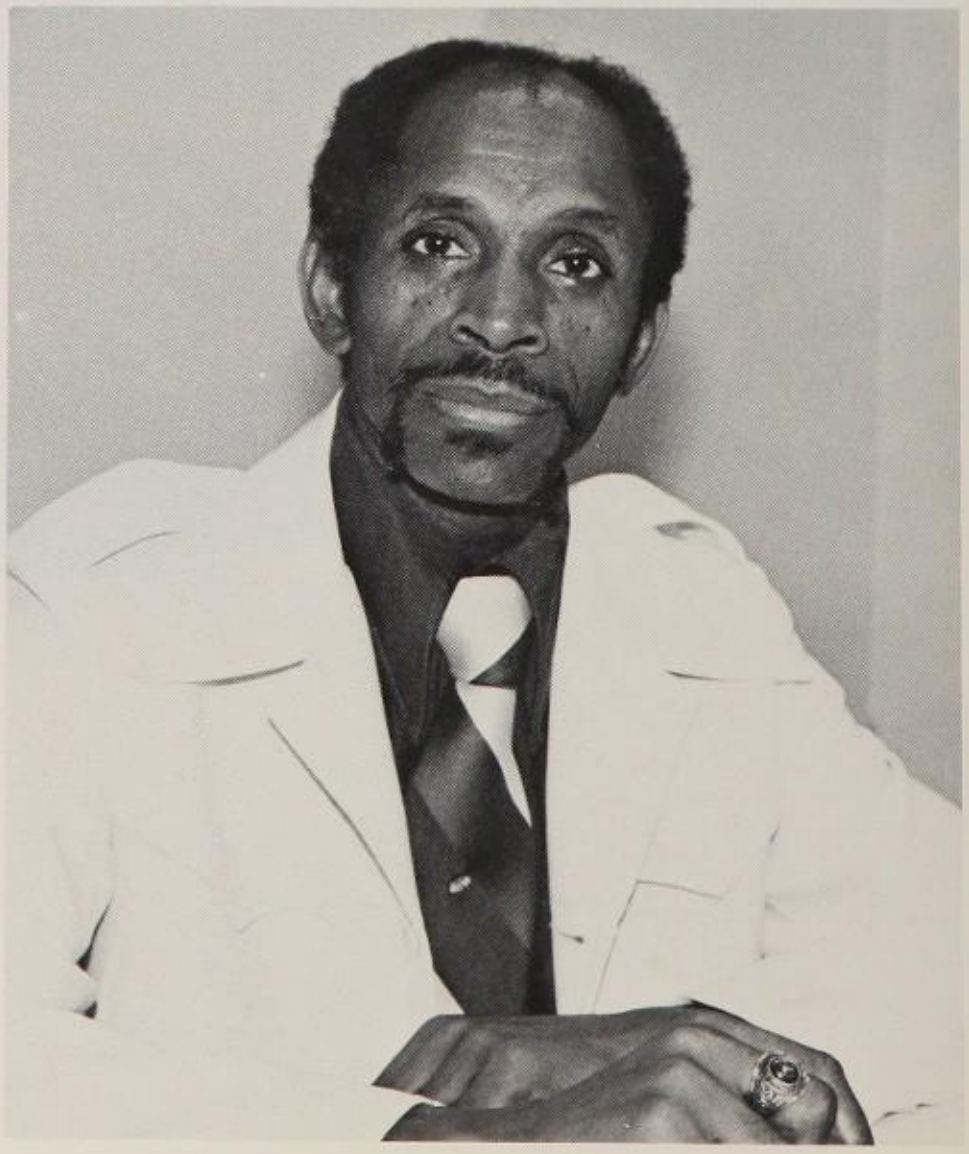
Mrs. Geletka, newest addition to WHS, keeps in touch with students and parents. If not in person, then by phone.



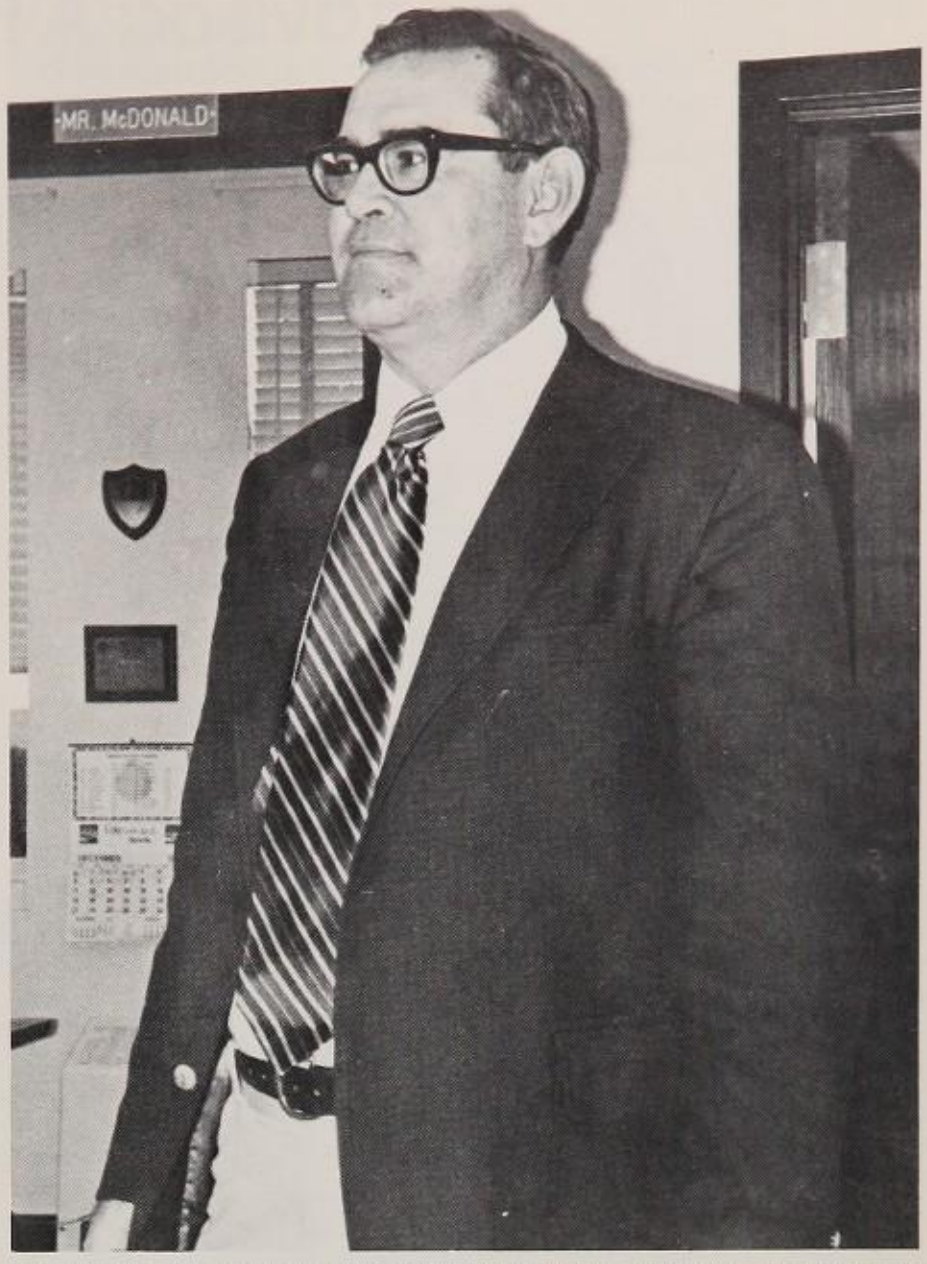
Bank Of Knowledge

Colonel Tennant, business manager, takes his job seriously but with a smile.

Mr. McDonald also takes his job seriously, but he feels the smile is not necessary.

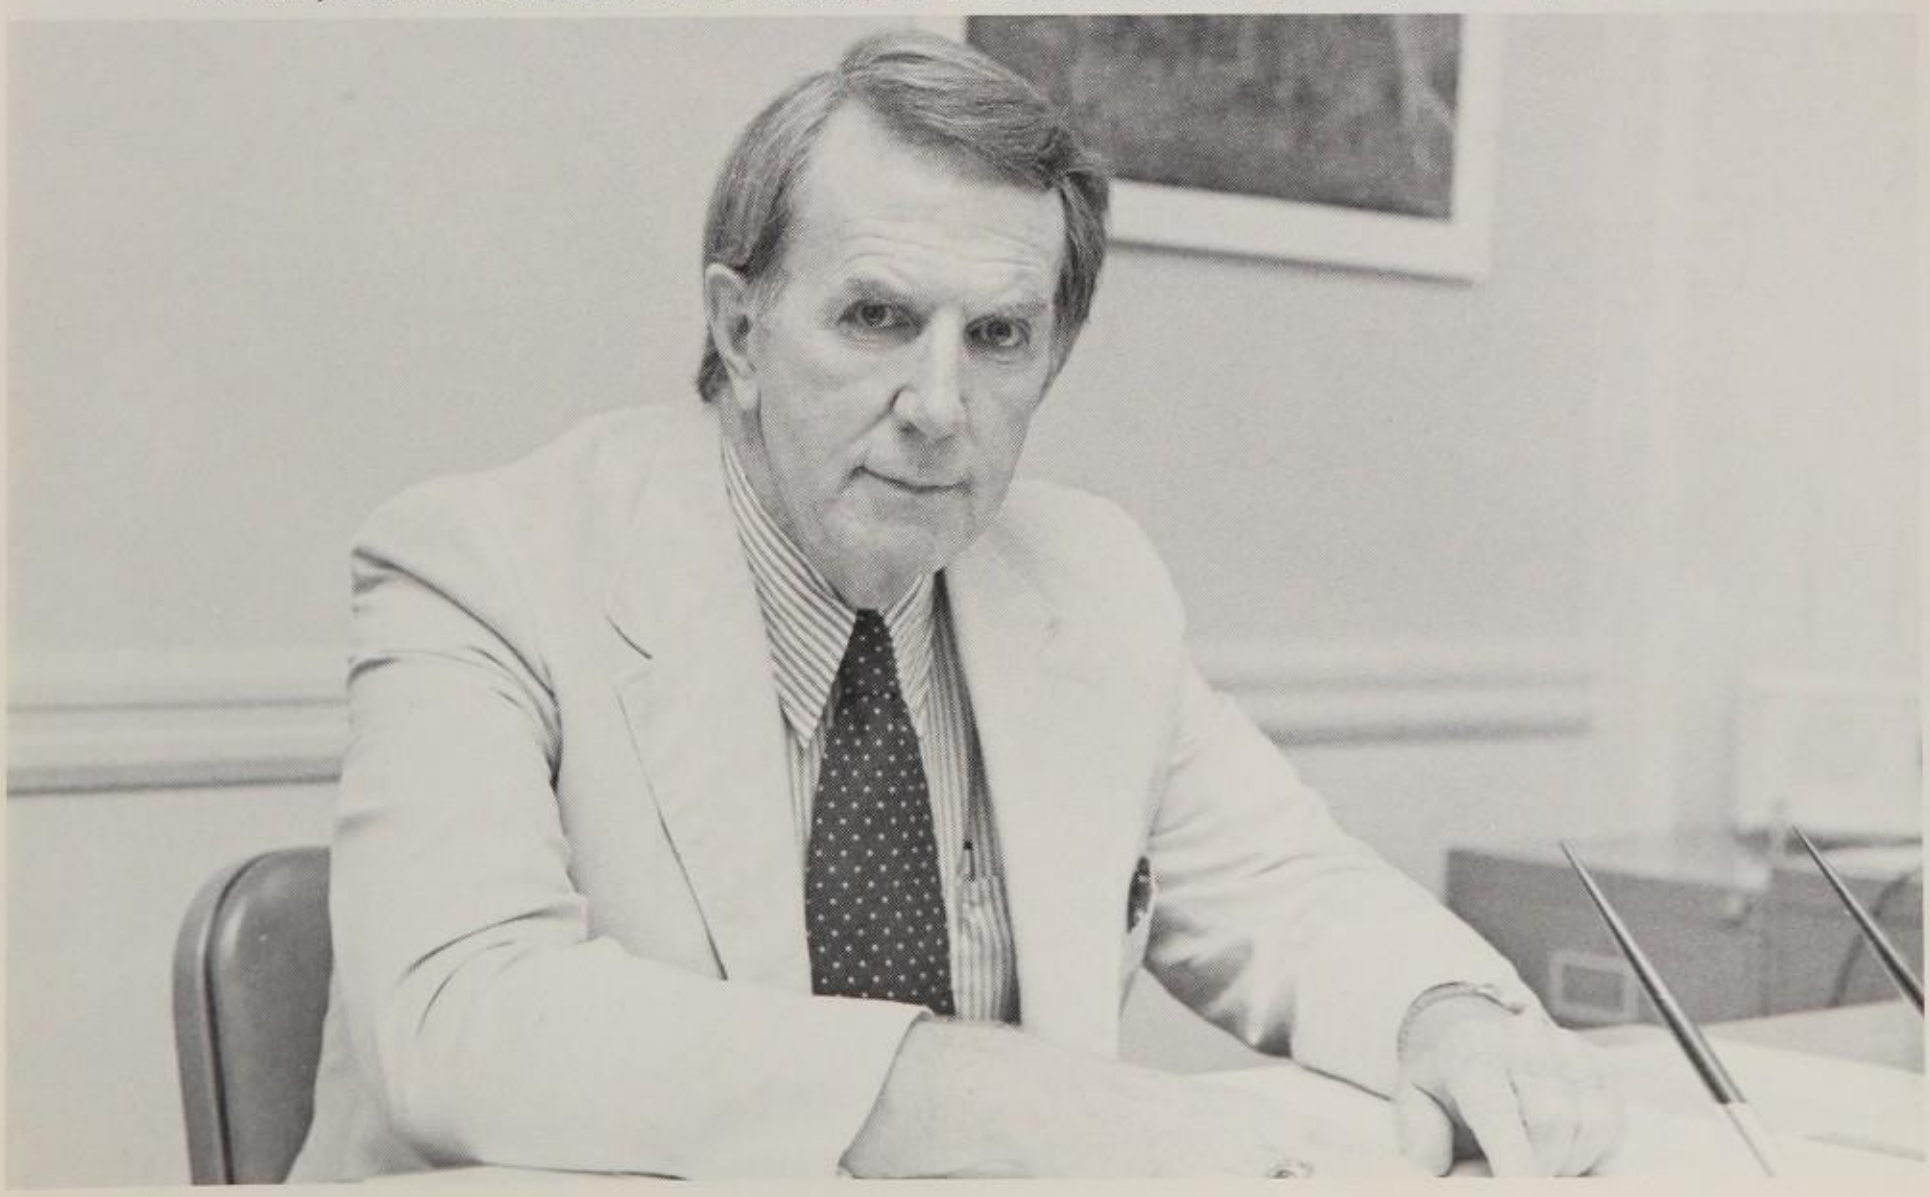


A farewell smile from former Senior Vice Principal, Ms. Meyer.



Mr. Riddle, Sophomore Vice-Principal, listens intently to a student's problem.

After ten years, Dr. Moran returns for more happy years at Wheaton . . . some people are gluttons for punishment.



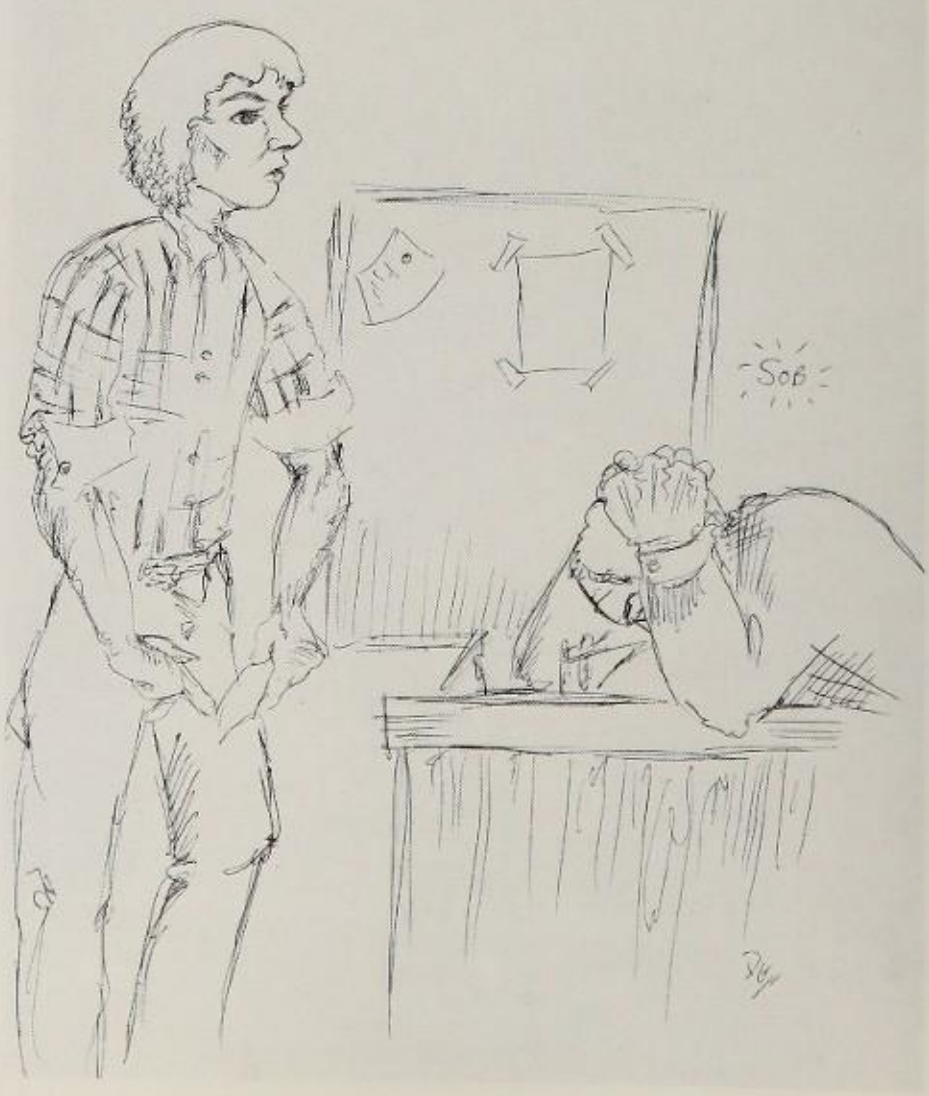
Advisor: A Friend Who Is Always There

Among his other fulfilled duties, Mr. Convery is in charge of computor scheduling and the county testing program.

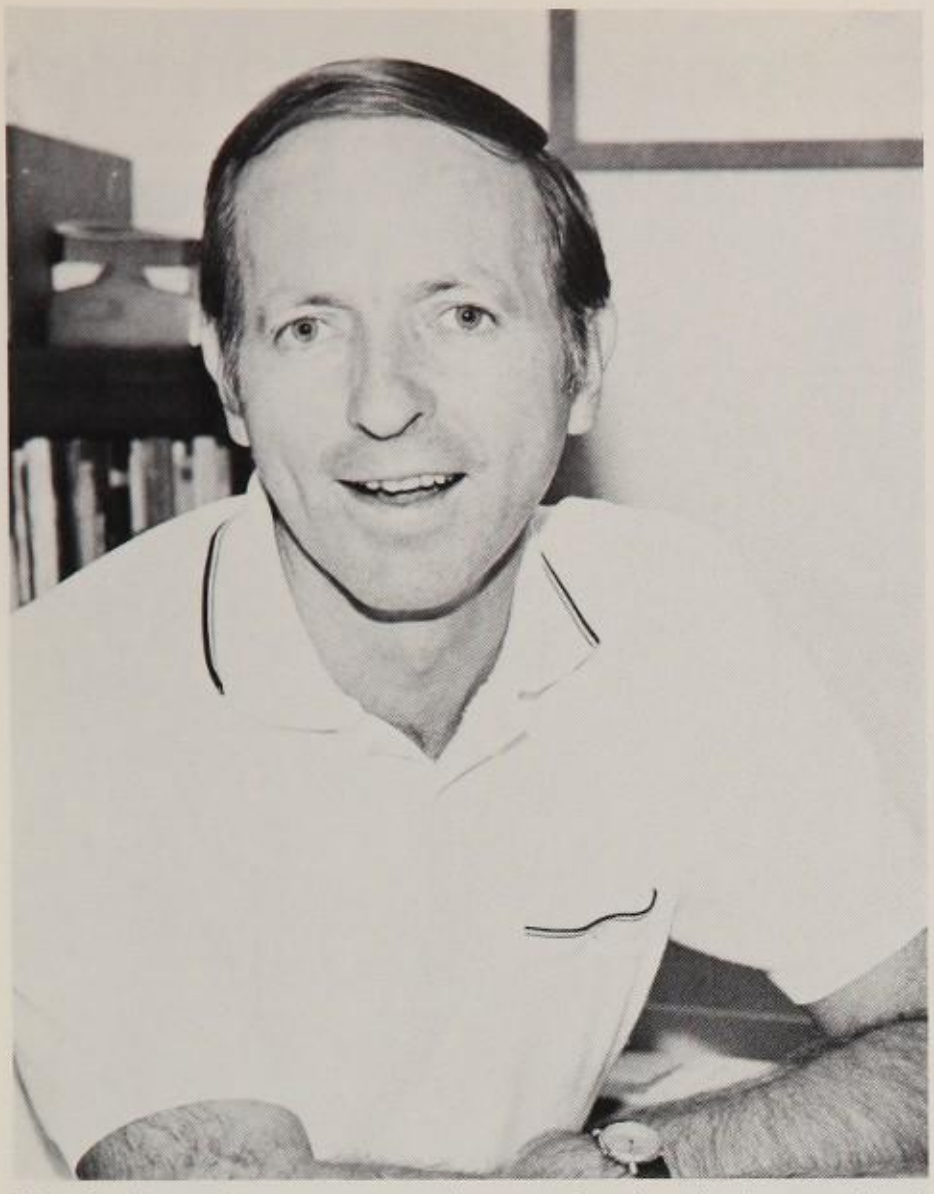
Miss Lynch, a counselor for life.

Mr. Mayer, an extraordinary counselor.

How could you possibly fail LUNCH!



Best wishes to you

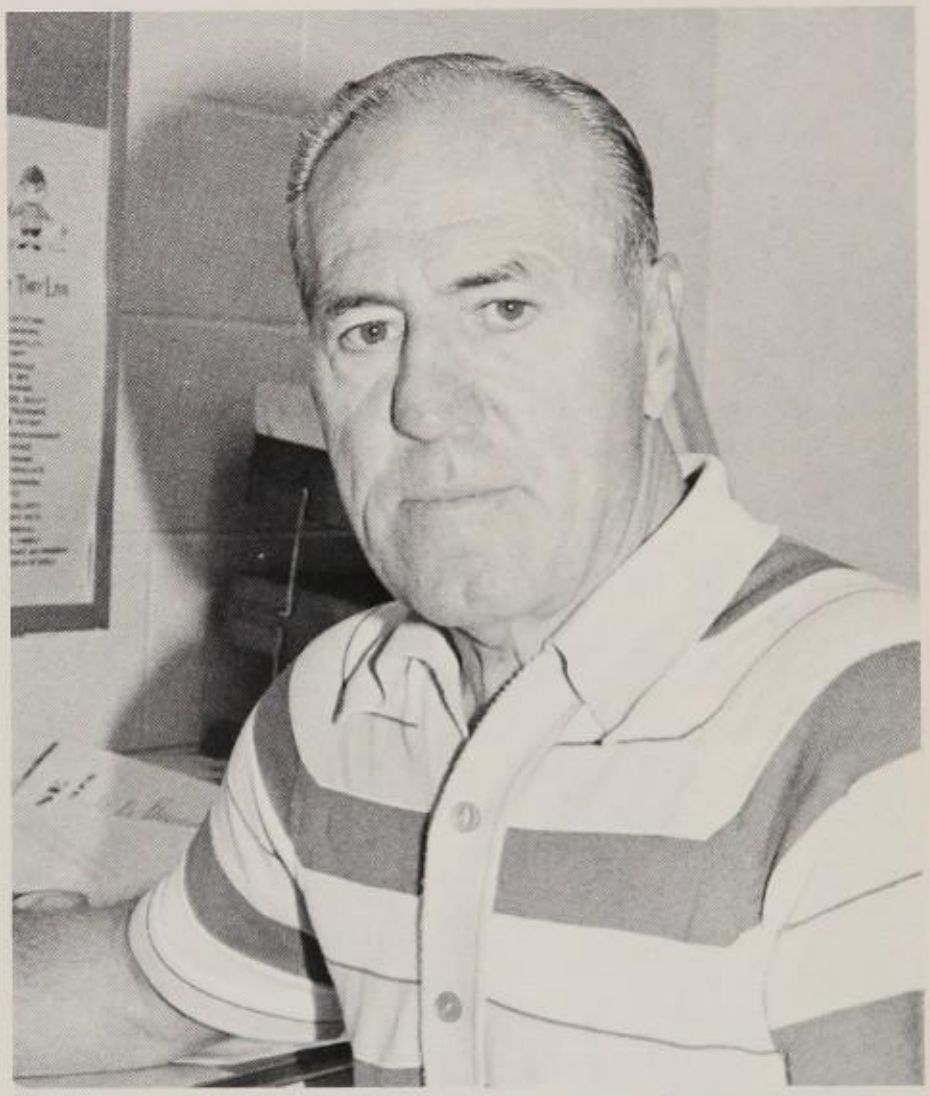


Mr. Gardiner gives an encouraging word and smile to a confused student.

When counseling, Mrs. Jaffe considers each student as an individual.

The counselors of the school staff serve not only as advisors to their students, but also work invariably hard at coordinating different activities to enable students to progress and develop in all areas of study. This past year, they sponsored many programs designed for the graduating students such as the College Fair in November along with special financial aid workshops for the students preparing for further education beyond high school. They spent many long hours wading through FAFs (Financial Aid Forms), requests for transfer; both admittance and removal from classes, and maintaining a medium of progression for all students.

They direct the energy and motivation of students to aid them in preparing and completing goals and ambitions, and are always available for assistance in all curriculums of differentia in the school program.



Being the Career Education Coordinator, it shows that Mr. Hahn is not only concerned with the students' present, but also their future.

The Backbone Of Wheaton High

The secretaries of the 1977-1978 school year have really brought some ENTERTAINMENT to Wheaton. Besides the tricks of juggling paper work, transcripts, and filing schedules, they keep up the duties of answering phones, stuffing mailboxes, preparing important papers and keeping the administration offices from complete chaos. So we give thanks to our stars of the secretarial field for helping this past year.

Mrs. Reitz, attendance secretary knows all the late orders.

Mrs. Fitzpatrick, payroll secretary, is a very busy woman when it's pay time.

Mrs. Barger handles Wheaton's finance department wisely.

New registrar, Mrs. Donnell, anticipates many good years at WHS

"You're looking for the Principal? Well so is everyone else," exclaims Mrs. Shostack.

Although I only know you a
short time, it has been an
experience. May only Good
things befall you in your future.
Mary
Betty Norton

"Forms? I love forms. Doesn't everyone love forms?" Explains the calm Mrs. Norton. "Phones too! I'm just crazy about phones."

"Hello," answers Ms. Lowe, "I'm sorry this is Wheaton, not Quiet Meadows Sanitarium . . .

Work here, work there. Work follows Mrs. Kuntz everywhere.

Mrs. Rowe finds time to talk to her students in her busy schedule of teaching and heading the English department.

Mr. Wheeler looks on as his students perform a skit from MACBETH.

A, E, I, O, U And Sometimes Y Spells English

English courses interrelate language study, composition skills and literary analysis with the student's experiences and thought. The objective is to develop more effective methods and activities for teaching language skills to students through an increased focus on the student's own language. Classes are based upon student ability level rather than on a standardized program.

Two new additional programs to the English department developed this past year. One was an initiated silent reading period which existed for ten to fifteen minutes daily in the English classes. The other program was a newly existing Language Arts Skills Laboratory. Students in English were referred by their English teachers to the Skills Lab for intensive individual or small group instruction in several basic skill areas such as specific reading comprehension skills, specific writing skills and textbook reading and study skills, spelling and vocabulary.

The English department assimilated these willingly, as they furthered to exhibit an enthusiastically strong and endeavoring program of study.

Mrs. Bedrosian enjoys teaching English to sophomores.

Miss Sharpe takes a "brake" from proper English as her class reads OF MICE AND MEN.

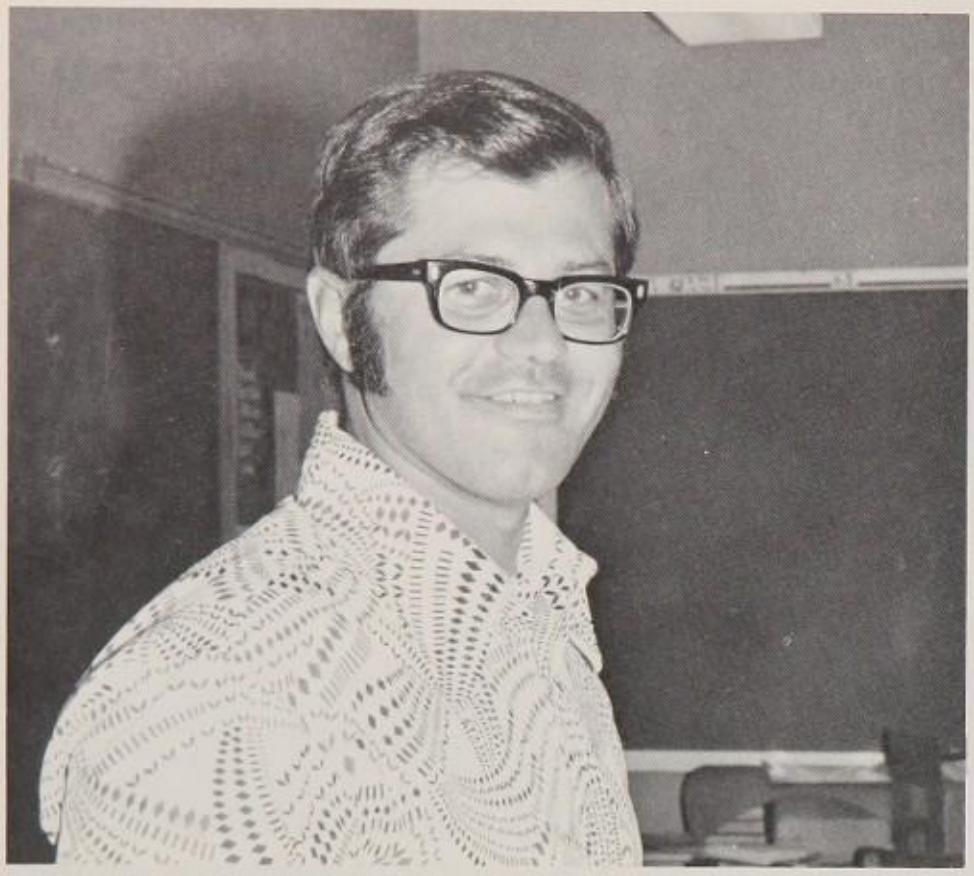
After six long periods of teaching, Mrs. Perrone manages to smile.

Mrs. Darling sits in the book room, researching her next class assignment.

Mrs. Fowle thinks she should teach her Lance staff a crash course in grammar.

"If that kid could bottle his charm he'd be a millionaire," thinks an envious Mr. Patmalnee.

Mrs. Eichenberger feels good about teaching English.



Mr. Moguin, Psychology, English teacher and football coach, analyzes his football players as they write a composition.

Mr. Gentle, Honor Society sponsor and junior English teacher, smiles for the cameraman.

Mrs. Koch doesn't let the fact that she's the sophomore class sponsor affect her teaching 10th grade English.

Although this was Mr. Gary's first year, he is already a part of the busy life at Wheaton.

Mrs. Eichenberger and Mrs. Moody share a good joke.

Mrs. Atanosian takes a break while her students work on a composition.

French, German, Spanish, Put 'Em all Together They Spell Foreign Language

Mrs. Echols enjoys teaching both French and Spanish.

Mrs. Hengerer finds teaching English to speakers of other languages a very rewarding job.

Mrs. Preston teaches German and French to all grades.

Modern Foreigh language instruction emphasizes from the outset the development of the basic language skills of listening, speaking, reading and writing. Concurrent with the acquisitions of these language skills, the student acquires a knowledge and understanding of another culture. At the present time, successful completion of a three-year sequence of Foreign Language study at the high school level initiates further study at most of area and nearby universities optional.

German was accented this past year by a new "Lehrerin", Frau Preston, who was welcomed as a bright new addition to the cultural Foreign Language department.

Being a reading teahcer, Mrs. Herman is quite amused by finding her self on the foreign language page.

Mr. Duke's pet canary even knows how to say "pass the bird seed" in Spanish.

What goes up (6+4) must come down (6-4), math sets all around

Miss Treuenfels gleams with achievement as one of her top students learns beyond their level of math.

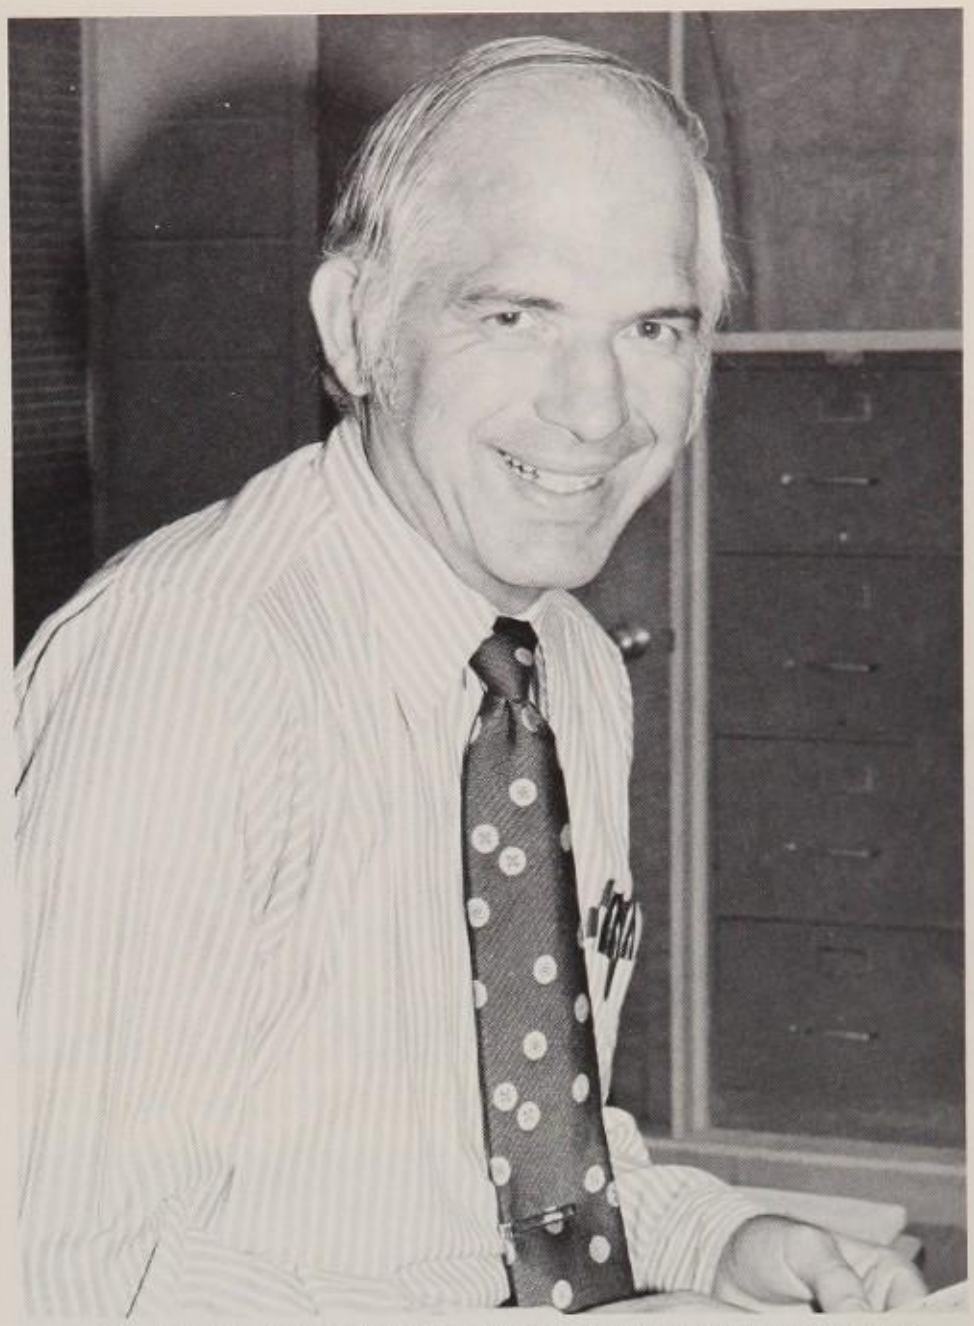
"No class we can't take a field trip to McDonalds to count the hamburgers," replies Mrs. Griffin.

Mr. Hayes always comes to class prepared.

"Believe me I will," confirms Miss Clapp.

Miss Grantham contemplates another "one of those days."

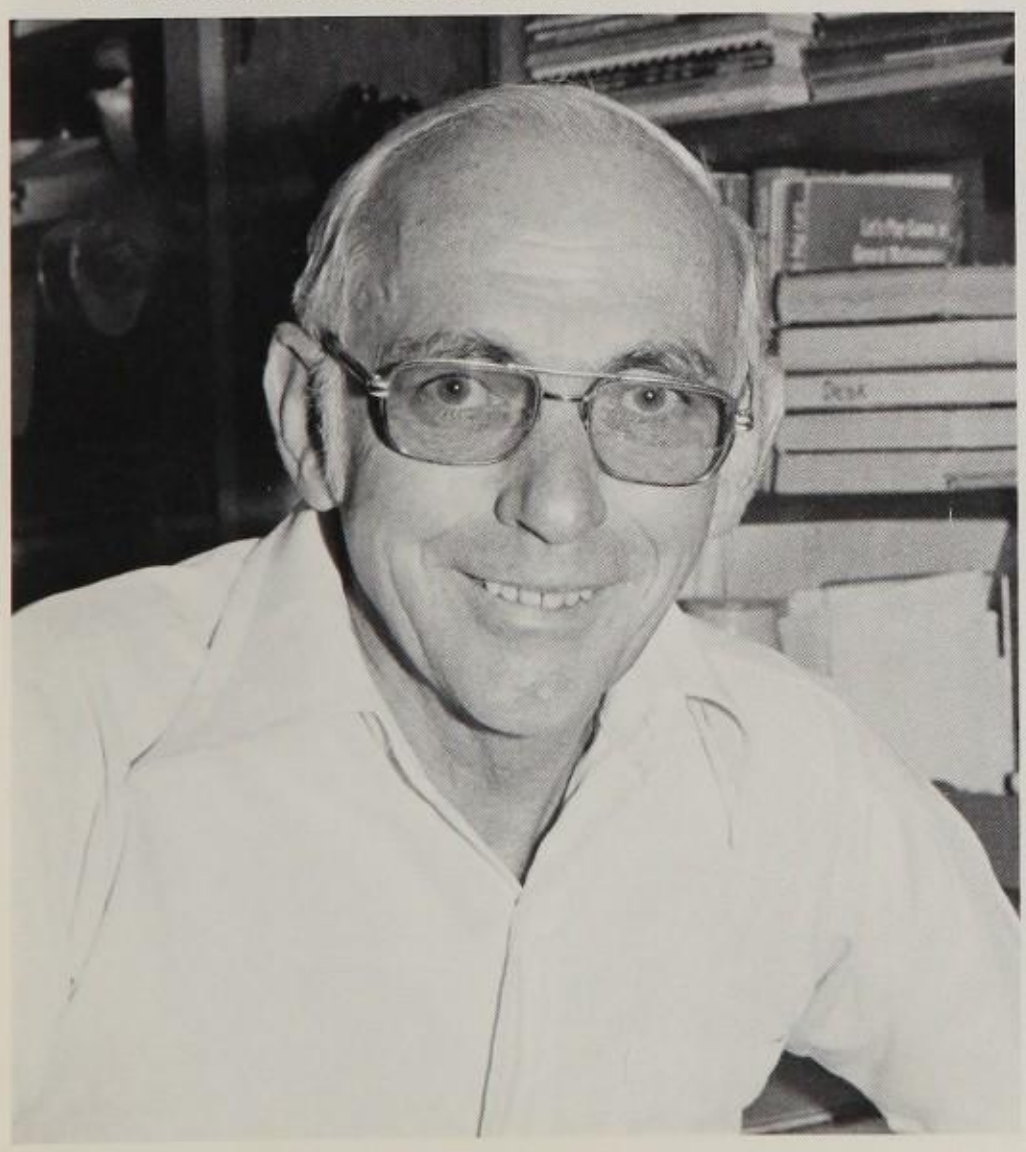
The mathematics program is designed to assist the student in understanding the structure and method of mathematics. The aim of this course is to provide help to the student in acquiring knowledge of mathematics, content using his own abilities and improving problem solving skills. It is designed also to assist the student to THINK METRIC. Many varied courses ranging from Calculus to Computer Math enable proper preparation for further endeavor in this aspect of academics.



Mr. Casto grins as he intercepts a note between two students.

"I hear you want to take trigonometry. Well that's fine, but why don't we just concentrate on Geometry now," says Ms. Allen to one of her more enthusiastic students.

Mr. Reese smiles with relief when he hears the 2:30 dismissal bell.



A Change of Pace, A Recurrence of The Old

I bet you all thought Mr. Peter never stopped smiling . . . this is his intelligent man of the world look.

"Baron's my name, History's my game."

"What will these kids come up with next?" says Mr. Wildes.

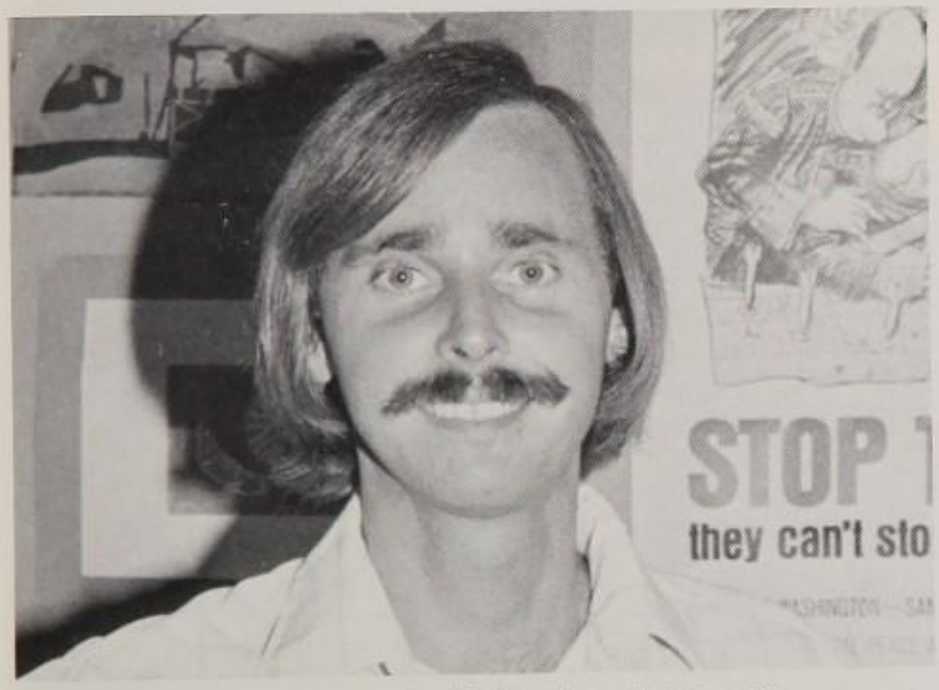
Mr. Rabunsky asks, "Tom,will you please stop drawing on my wall?"

This course of study is designed to help the student understand the economic, political, social and cultural developments which contribute to the shaping of different countries and also to develop an appreciation from contributions they have made to the modern world. Emphasis is placed on the inductive method of learning and the development of skills. The instructors of History/Social Studies provide a stimulating basis through advanced thought and reason, and causes and effect in all aspects of our world of continuous change.

Miss Kasulaitis, being a History teacher, takes advantage of her break during wars.

Mrs. Bedrosian and Mr. Housley enjoy conversation and a piece of cake together at Mr. Hartley's birthday party.

Mr. Hartley is extremely pleased after receiving the list of holidays in his mail.

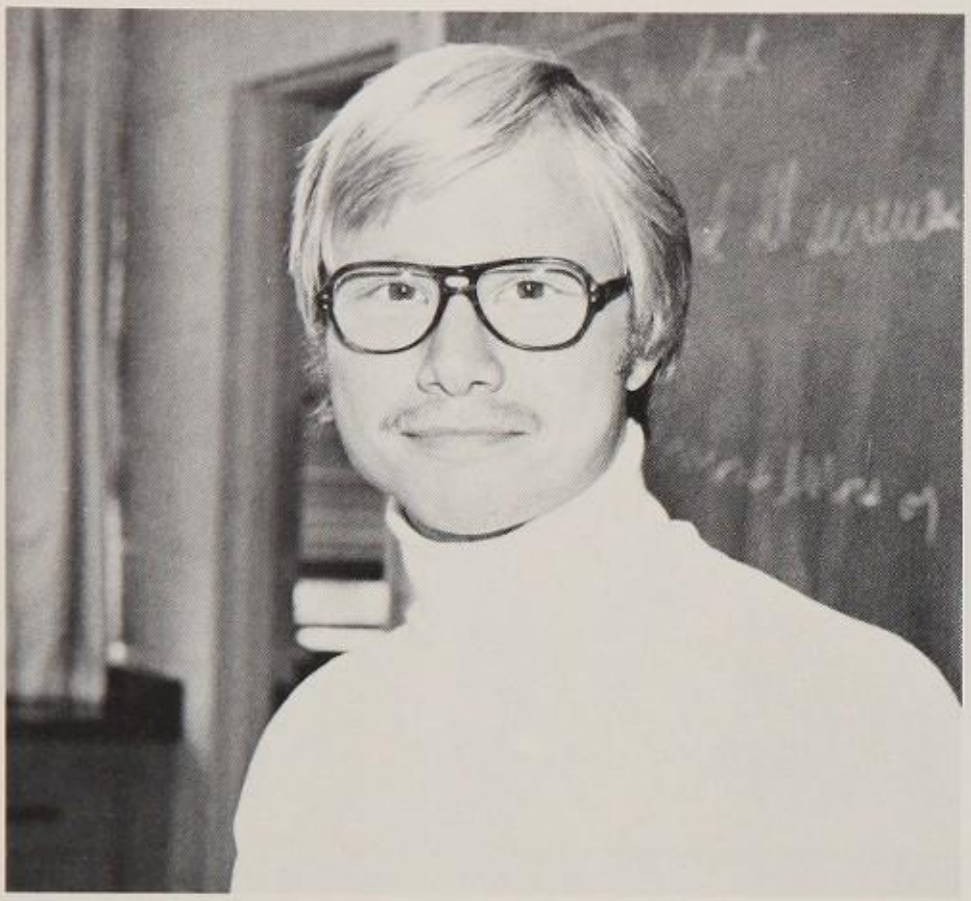


Mr Housley teaches history in a strange way.

Mr. Herrington shows his upper Social Studies class the difference between land and water.

Mrs. Moody can't decide right now whether she is teaching English or history.

Animals, Vegetables And Minerals Make Up Our World

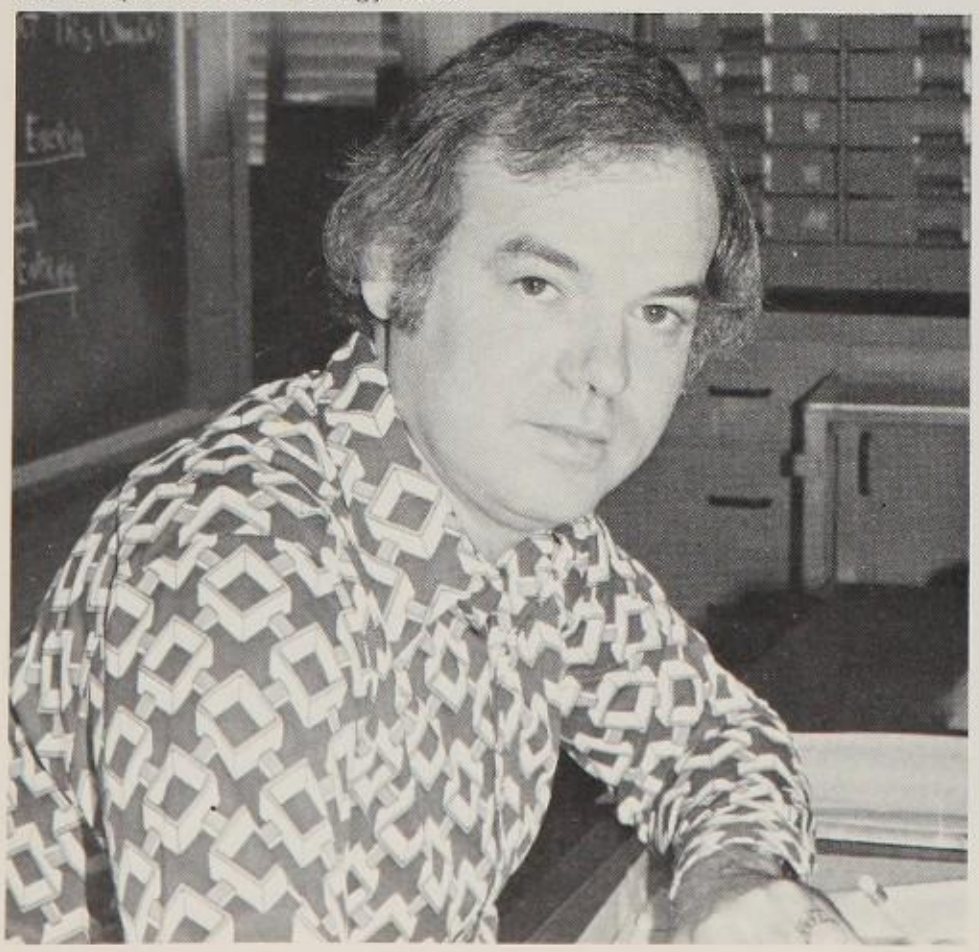


Mr. Barron teaches a wide variety of Science classes ranging from Physical Science to Physics.

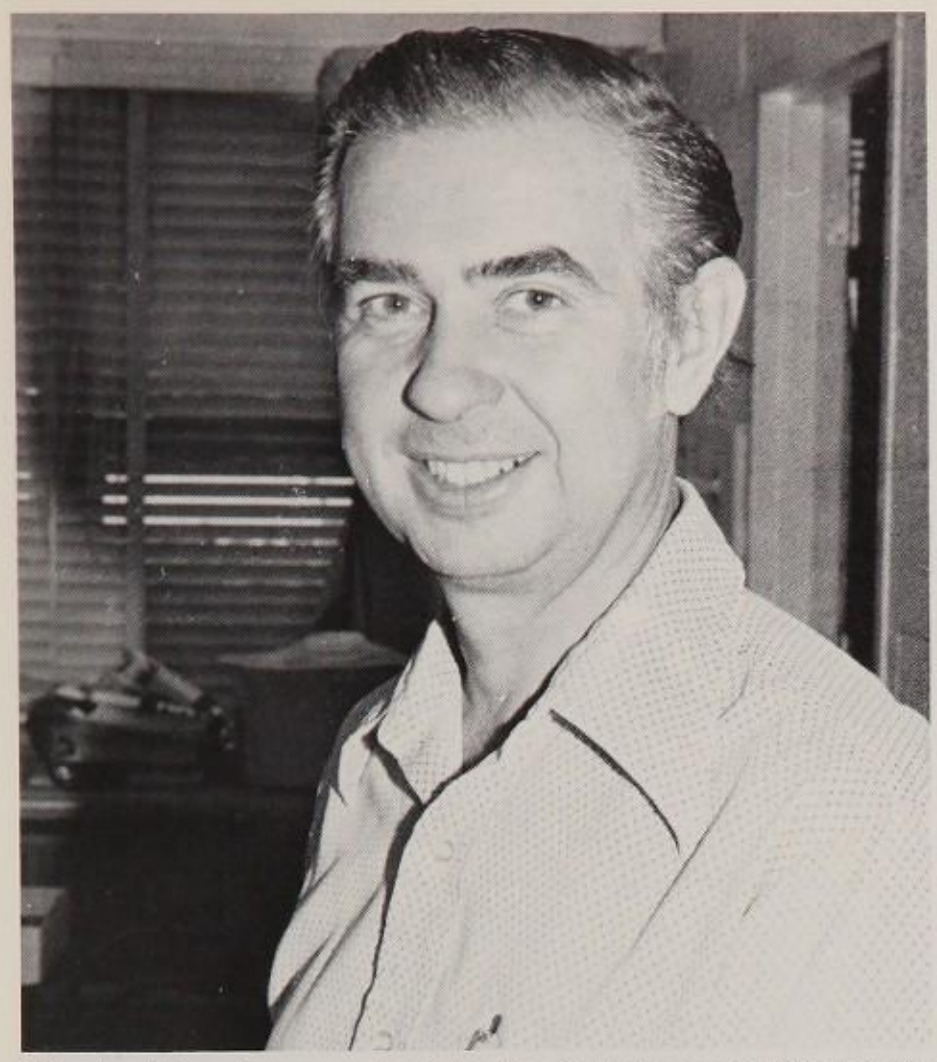
Mr. Briggs, is it really true you talk to your plants? Mr. Briggs replies, "Only if they talk to me first."

This course develops fundamental biological concepts with emphasis on the experimental ideas and how the individuals are organized into species, communities, and populations. The chemical and physical aspects of life are investigating with emphasis upon development and change of the human organism. Wheaton offers a variety of courses including Biology, Chemistry and Physics. Additional courses in Horticulture, Physical Science and Advanced Biological Science supplement the program.

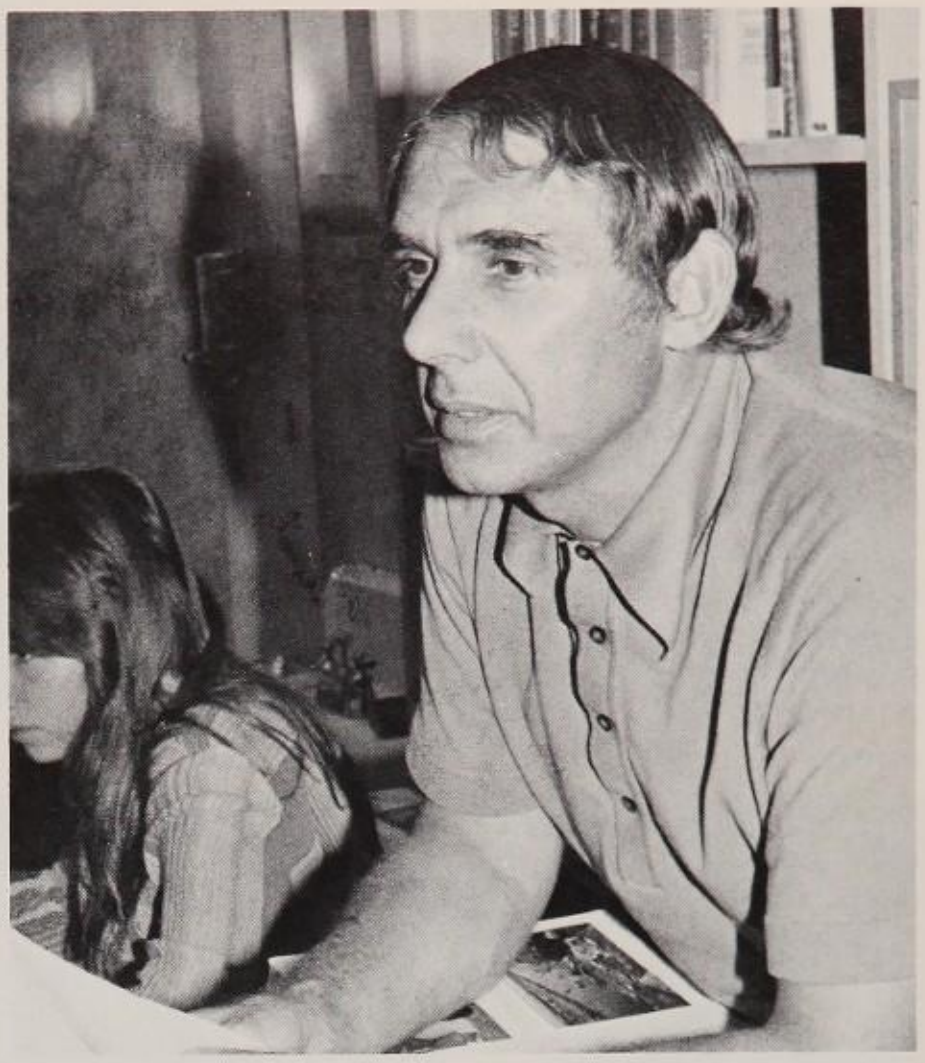
J.D. Brown is still wondering why the girls don't seem to enjoy the dissection chapter of their Biology book.



Dr. Lewis is happy to be a part of the Science Department at WHS.



"You don't have to worry about me, I don't talk to my plants", says Mr. Walter, "only my trees".



Mr. MayKuth, Science Resource teacher, wonders about a tough question brought up in class.

Miss Miller, the only woman in Wheaton's Science Department.

Mr. Quayle, Physical Science and Chemistry teacher, wants to get even with the photographer!

Hey, Look At The Courses We've Got

In the many vocational courses Wheaton has to offer, several are dedicated to the Industrial Arts classes. These classes provide techniques and an opportunity for students to develop their own ideas.

Mechanical Drawing, Architectural Drawing, Cartography and Engineering are one or two year programs.

Also under industrial arts there are graphic arts, electronics and woodworking, each a three year program.

Vocational classes of cosmetology, auto mechanics, and printing, furnish training and experience to students in order to further develop their interests and begin careers.

Mrs. Sword teaches her students the A, B, C's of good grooming.

Mr. Benson teaches the fundamentals of Auto Shop.

Mrs. Cassidy looks on as one of her students tries a new hairstyle.

Mr. Bartlett tries to smile while explaining to his students that they must know their alphabet before taking printing.

Mr. LiPira finds bricklaying rewarding when his students complete a well done job.

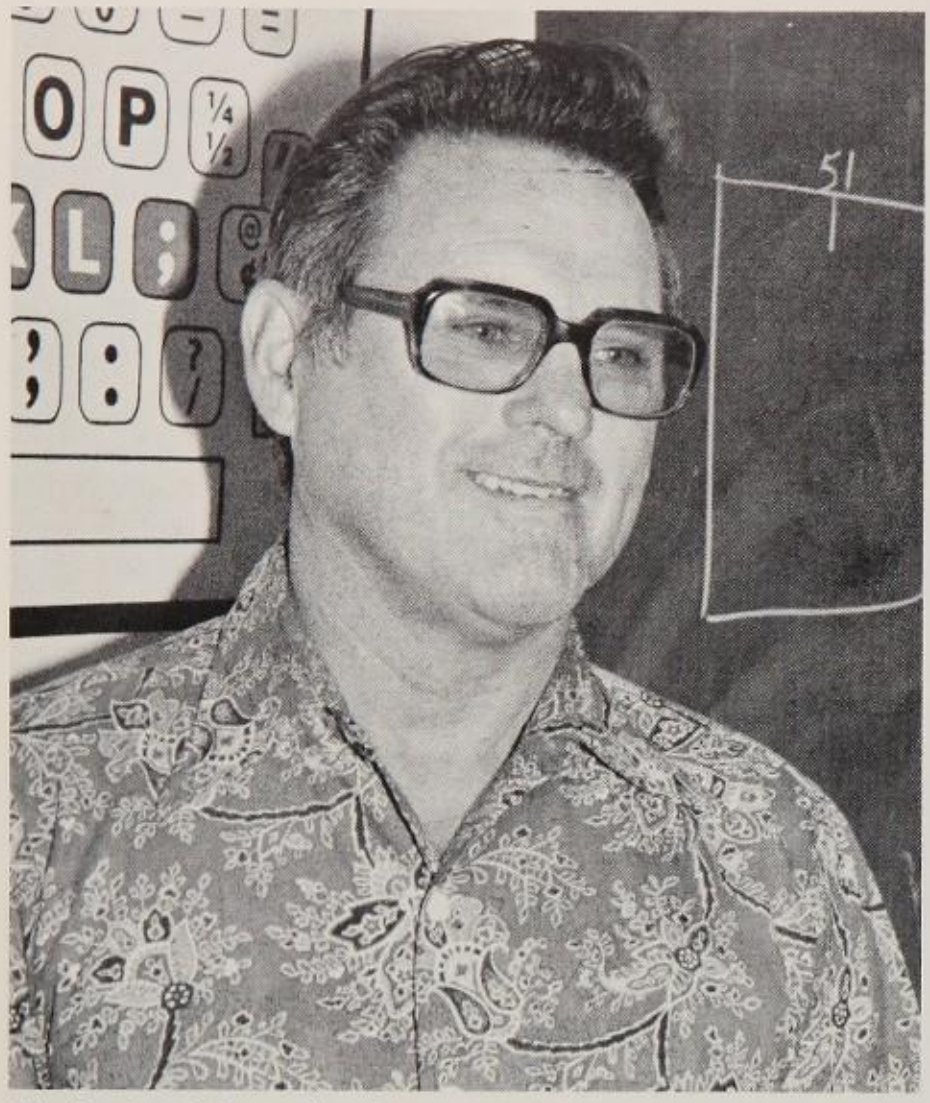
All those dials fail to confuse Mr. Day.

Mr. Kukar teaches his students how to produce good woodwork.

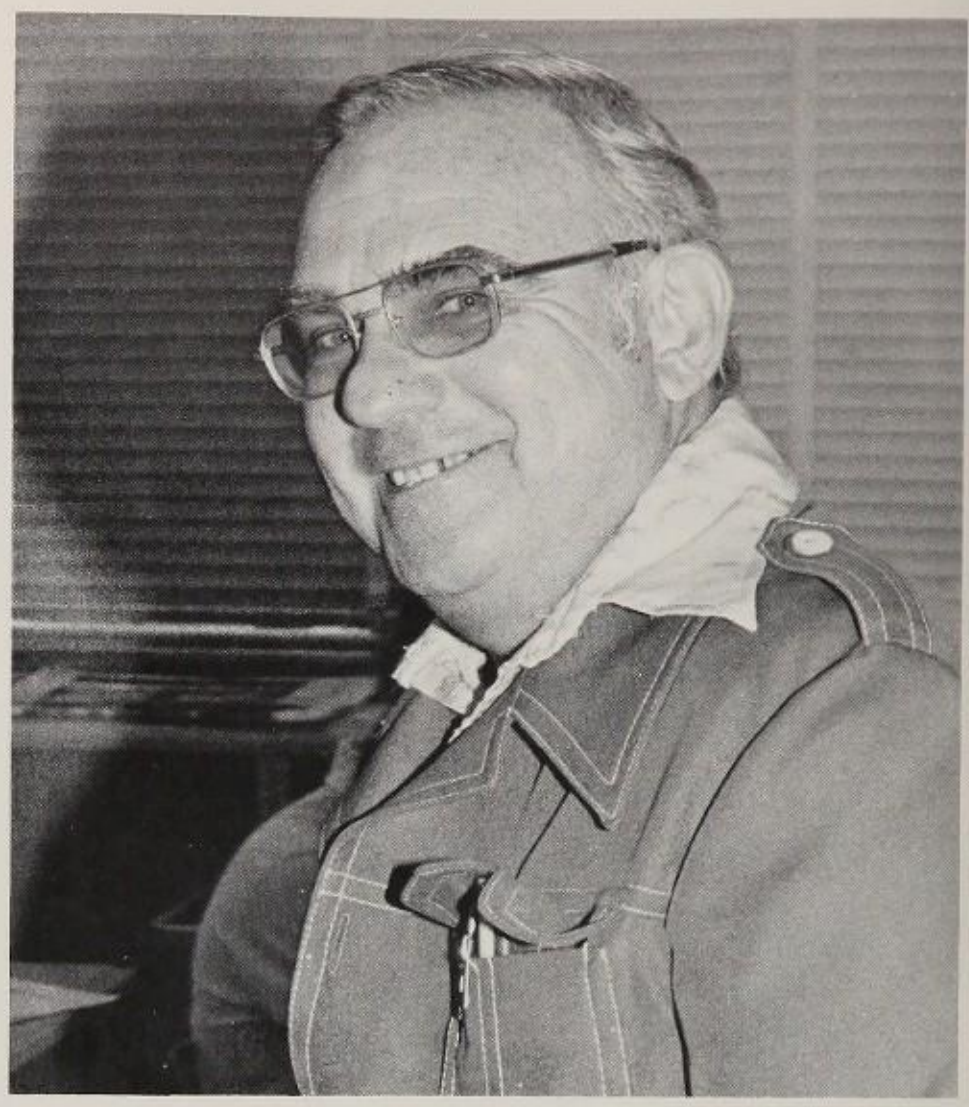
Mr. Shippling, Industrial Arts Resource teacher.

Mr. Kephart gets down to basics in Auto Mechanics.

Andy Greene, Auto Mechanics student teacher, explains to interested students how he helped build this car.



Mr. Preston, is it true that those quick fingers of yours are insured for more than your car?

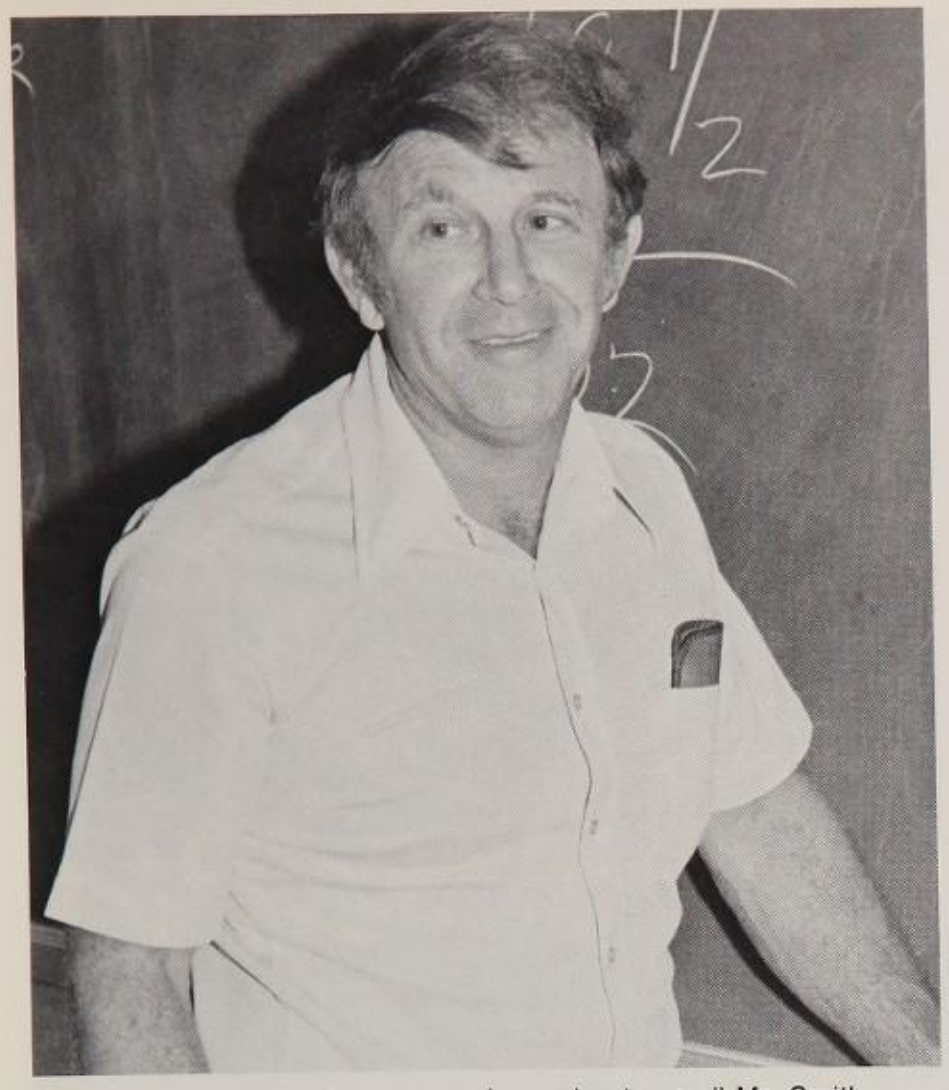


Mr. Krachick, Perry Mason of Wheaton High.

There's No Business Like Wheaton's Business

Mrs. Freden, the creator of our Business Women.

For all you first year typing students, Miss Leonard does recite "fff" and "jjj" in her sleep.



"Good morning to you, good morning to you," Mr. Smith.

Wheaton's Business department offers a wide variety of business courses. Banking, Accounting, Typing, Shorthand and Bookkeeping are just a few of the courses offered. These courses prepare us for success in our business careers. Under the fine leadership of Wheaton Business Department, Wheaton produces exceptional business minded students

Miss Coaxum, the foundation of our future business world.

Mrs. Freden teaches Tim Kitterman an important business skill, erasing marks from a textbook.

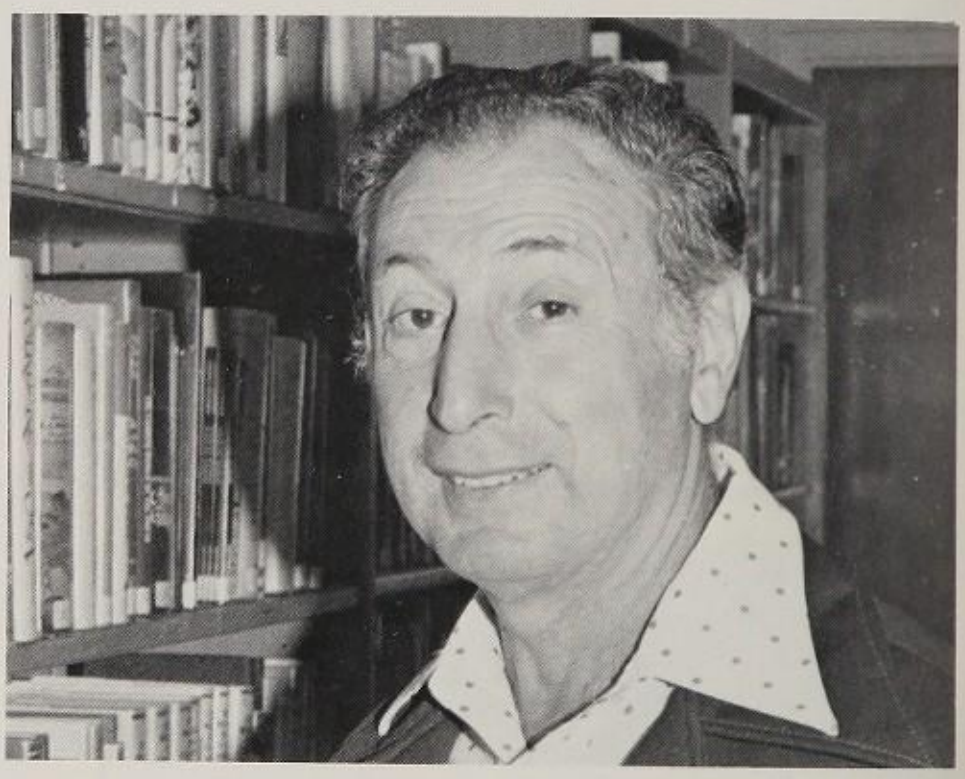
You Can Get It At The Library . . .

Mrs. Ingraham I.M.C. Aide, helps keep the library running smoothly.

Mrs. Depew, our walking card catalog.

If you have any interests, the IMC is anxious to lend any of its information out.

One of the library's latest acquisition is **FACTS ON FILE. FACTS ON FILE** digests weekly all the major news of the world. It covers a multitude of interesting subjects and people.

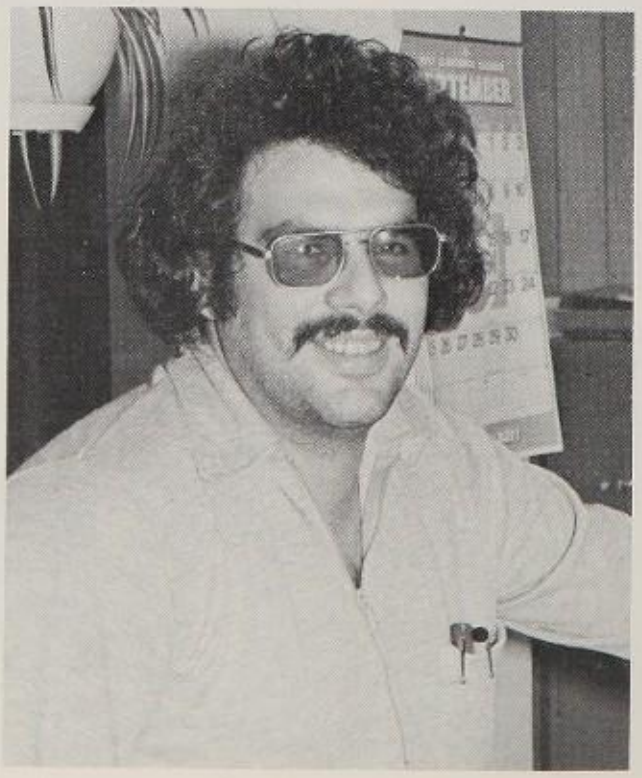


Mr. Pilato, a serious mind, a good nature.

Mrs. Sterling makes working with microfilm and microfiche easier then it looks.

"Iknow you say it's for your younger brother, but I don't think we carry 'Cat In The Hat,' " says Mrs. Grable.

Mr. May knows everything there is to know about IMC equipment.



Sook Kong studies hard.

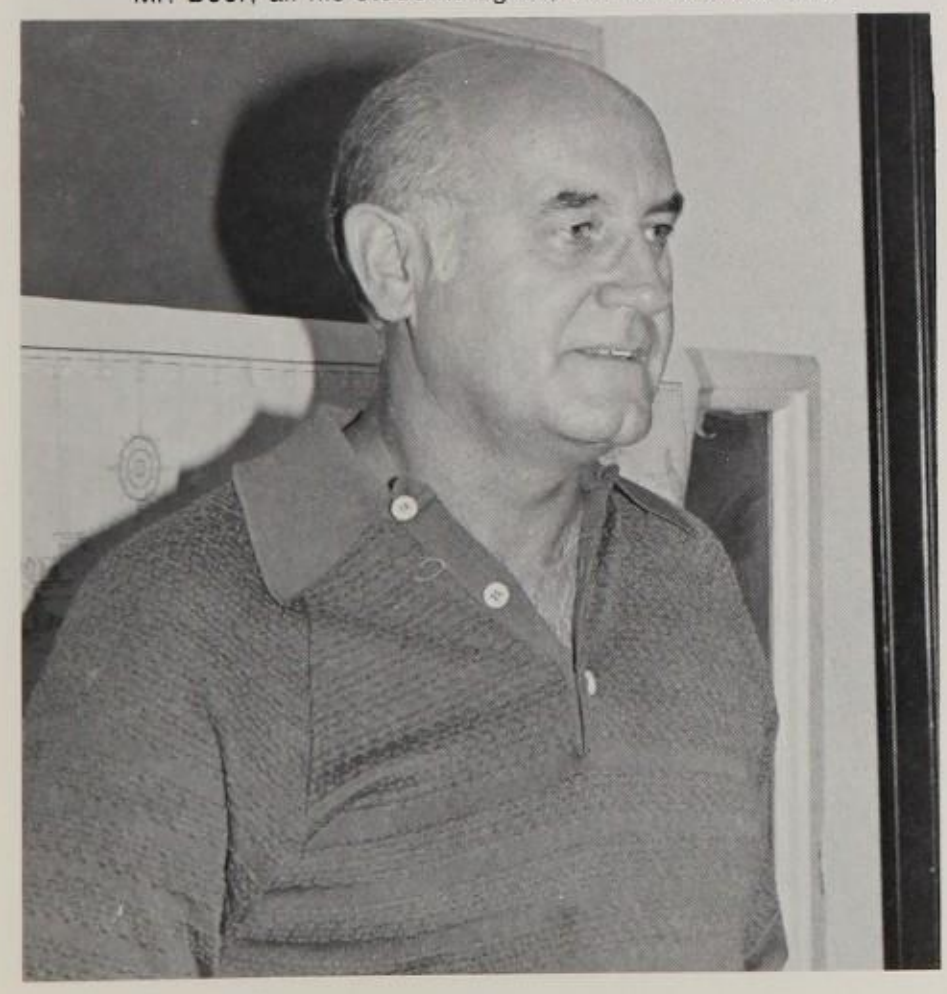
Mr. Dornburg finds time to relax during his tight schedule.

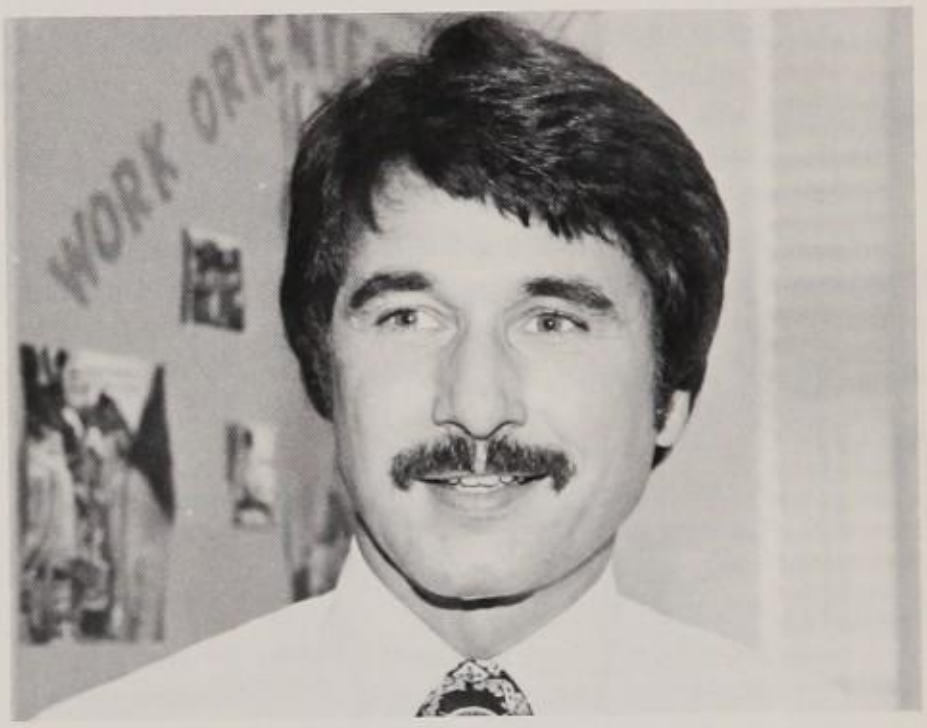
Mrs. Kulick keeps fairly busy between the school store, DECA, and teaching her students how to run a good business.

There's Always Some Other Alternative

The work programs at Wheaton High School enable students to experience the world from a new perspective. Some of the programs offered include C.I.W.E. (Cooperative Industrial Work Experience), W.O.C. (Work Oriented Curriculum) and D.E.C.A. (Distributive Education Club of America). The C.I.W.E. and the W.O.C. programs are set up so that a student can work while attending high school. D.E.C.A. is existent so students can work in Wheaton's School stores located in the school building. Candy, school supplies, and gifts for all occasions are among the many items which can be purchased at these stores. Along with the distribution of goods, this program also enables students to become involved in community affairs.

Mr. Boor, all his students agree, the name doesn't fit.





Mr. DeBethizy guides the students to the right direction in the career world.

Mr. Michels, is it really the Wheaties every morning that makes you the man you are?

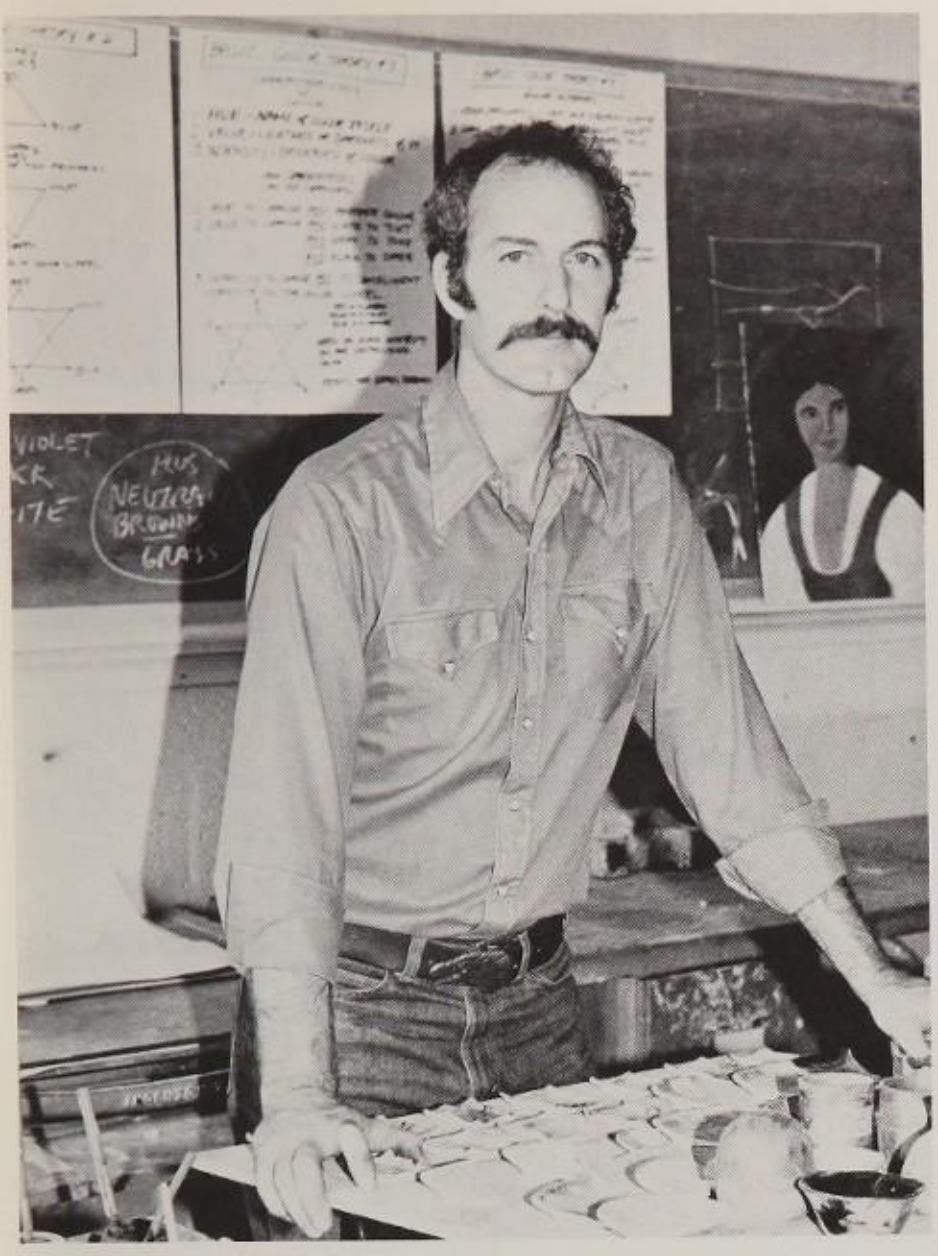
Scene VI Not for Women Only
Need your own ski outfit? Dress for the prom? Macramé planter? Students in Contemporary Crafts and Creative Clothing class do their own unique projects at low cost.

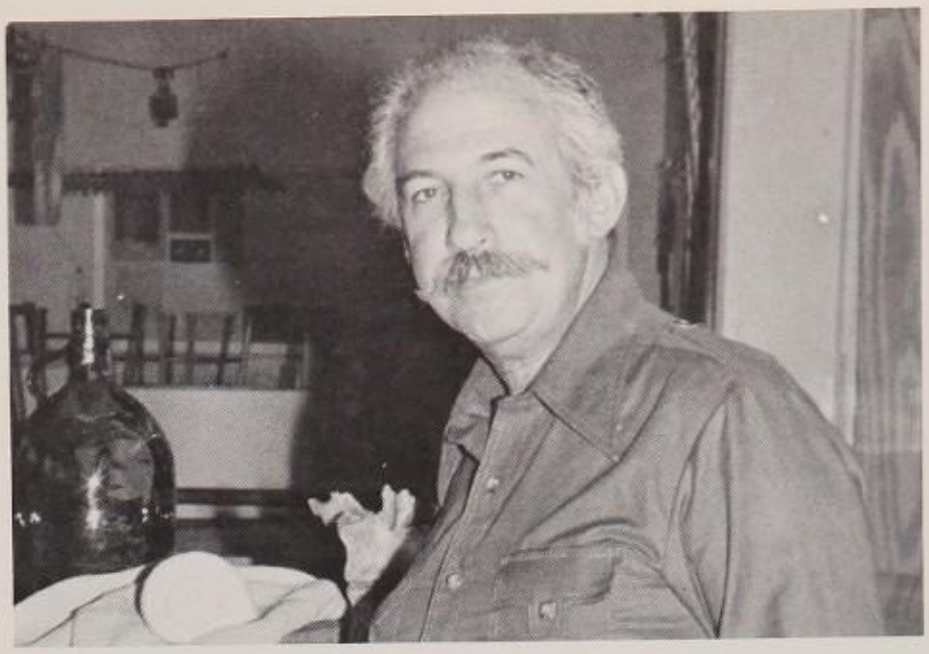
Mrs. Melvin is relieved that there's now a fire extinguisher at every stove.

Mrs. Huang feels that an education is so important that she teaches students to teach (in Child Development).

Mrs. Fry is sew original in ideas for her creative sewing classes.



Mr. Wilkins takes a break from his ceramics class.



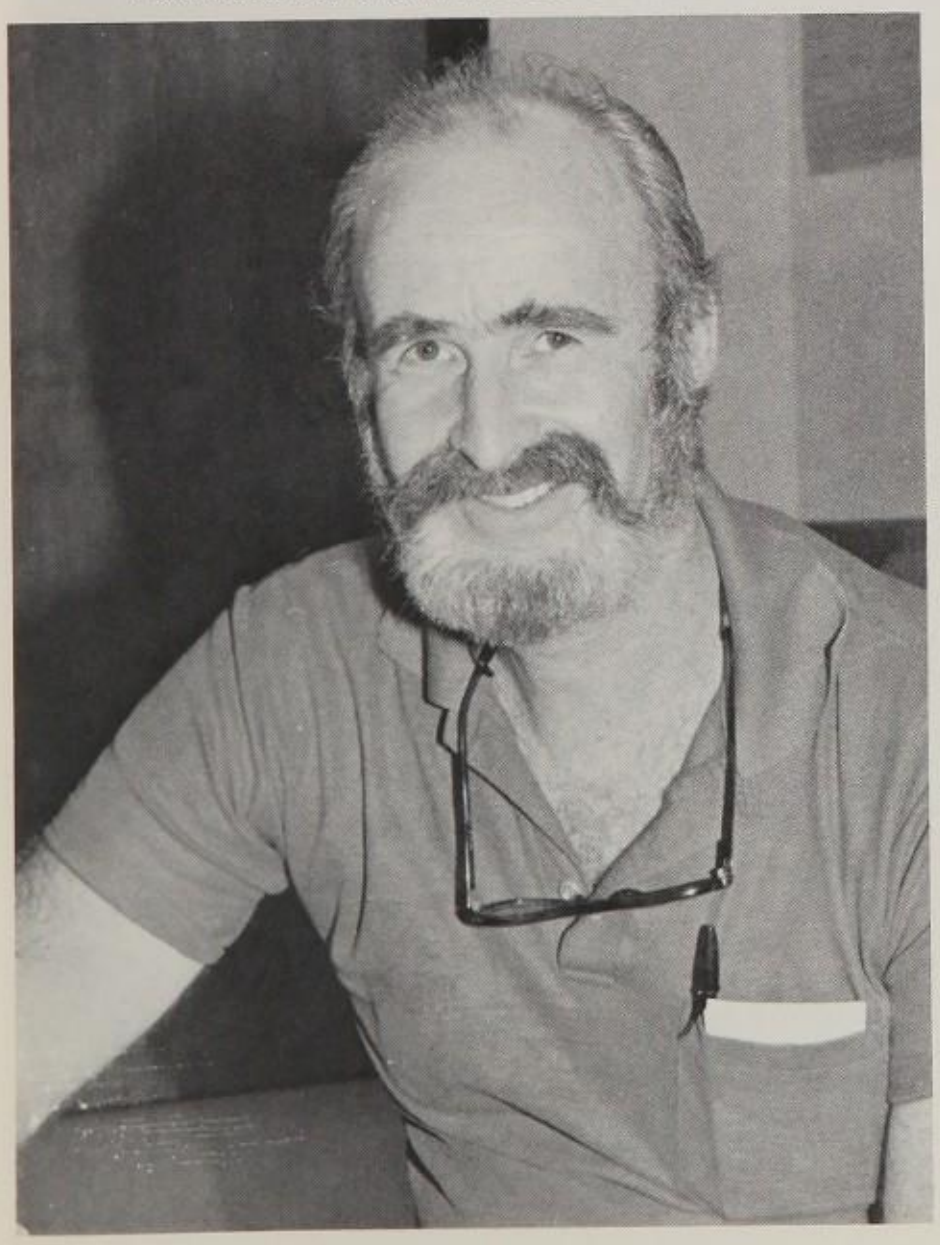
Mr. Evry painted his way into Wheaton and sometimes wishes he could paint his way out.

Color And Sound Compliments Of . . .

Art is a basic element in the release of emotions and feelings. It contributes to the unique decor of our school, reinforcing the individuality of each student. It involves a curriculum as varied as studio art and ceramics to sculpture.

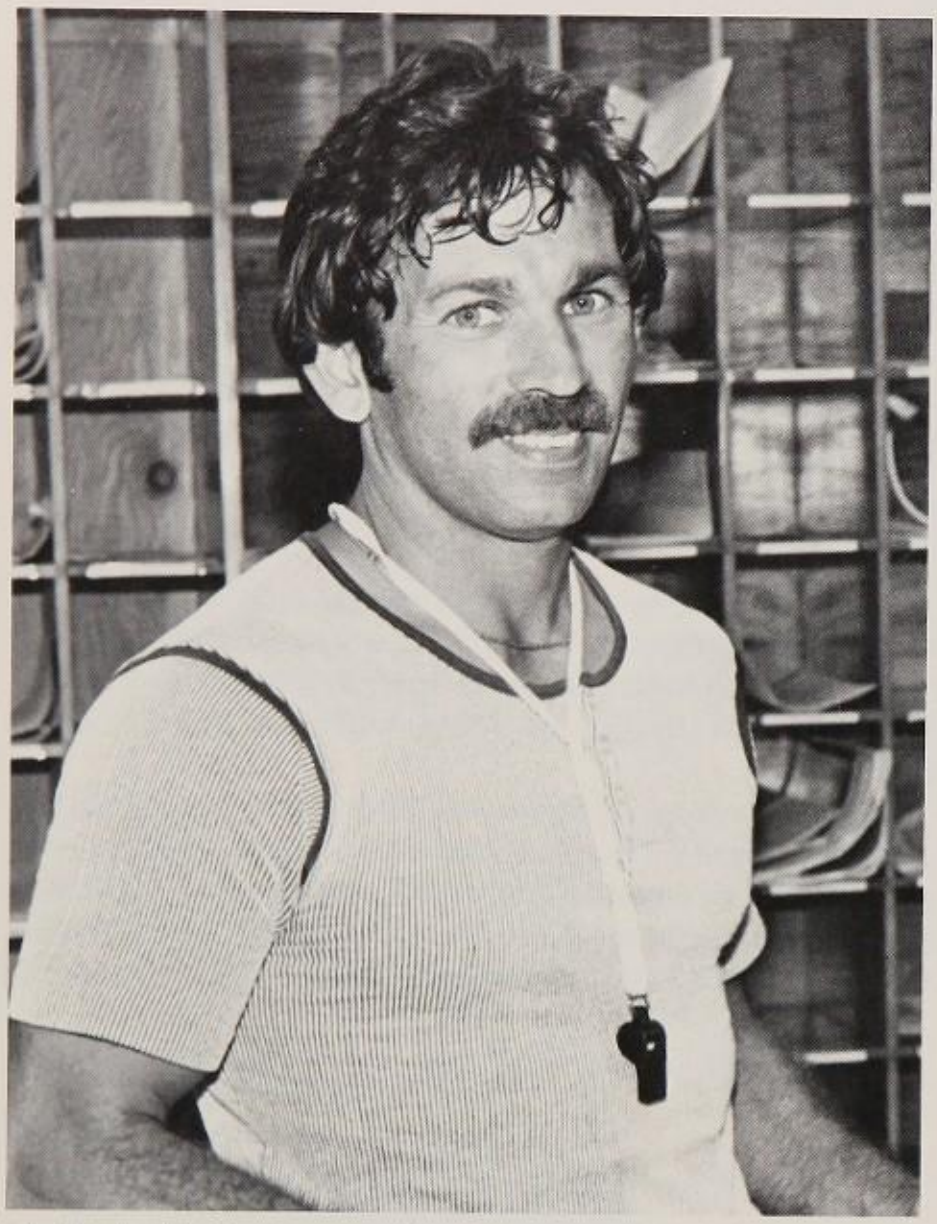
Music is another expression of thought and emotion portrayed by members of one of the many courses entailed in the music department curriculum. Included among some of these are the choir, Madrigal singers, marching band and the concert band.

"I can name that tune in one note" smiles Mr. Black.

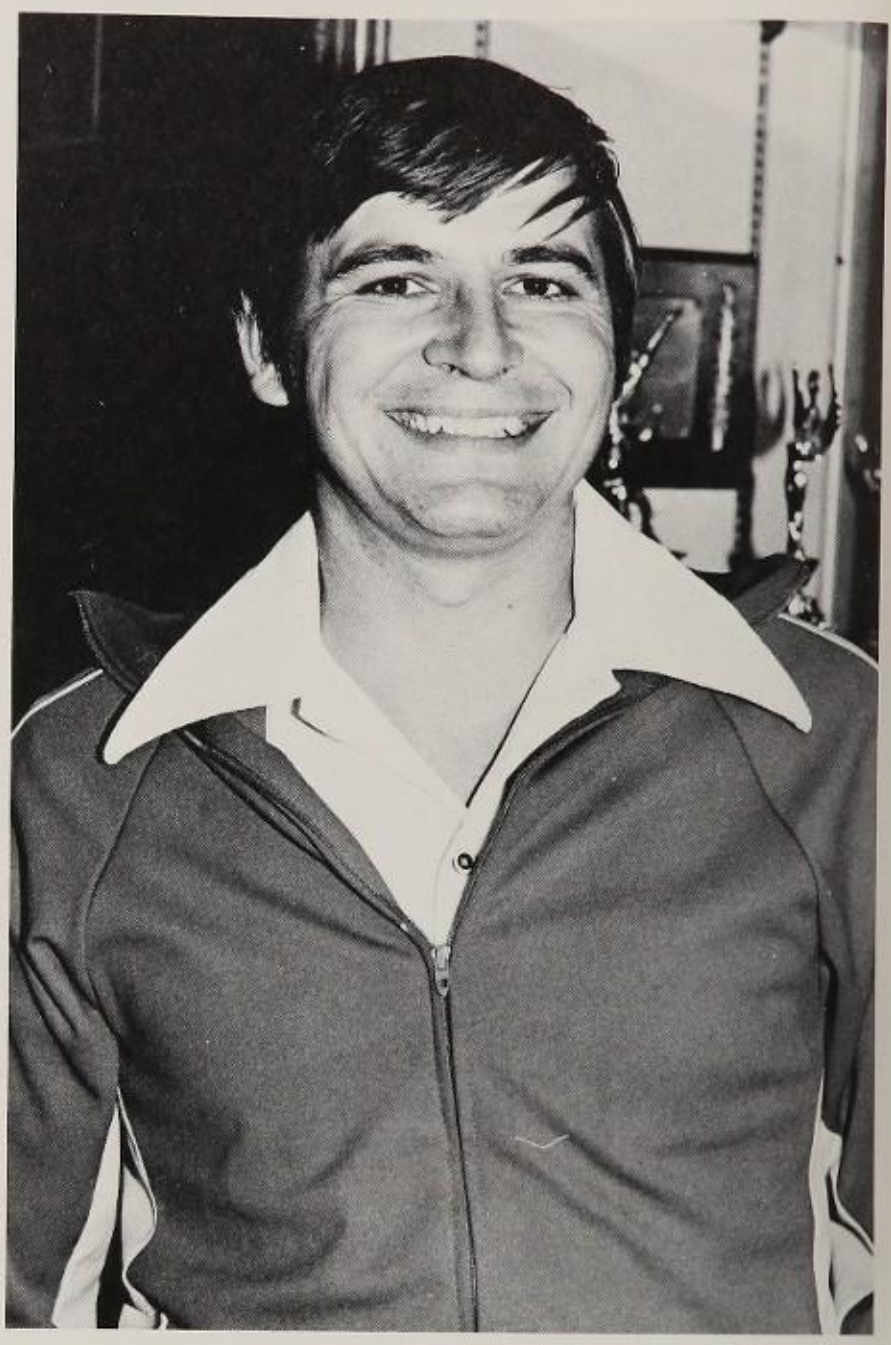


Mr. Hearn states proudly, "I can name that tune in two notes."

"Fun in the Sun,"



Mr. Orndoff begins to sweat after receiving the bill for the new soccer uniforms in the mail.



Mr. Brace, the newest addition to WHS athletic department.

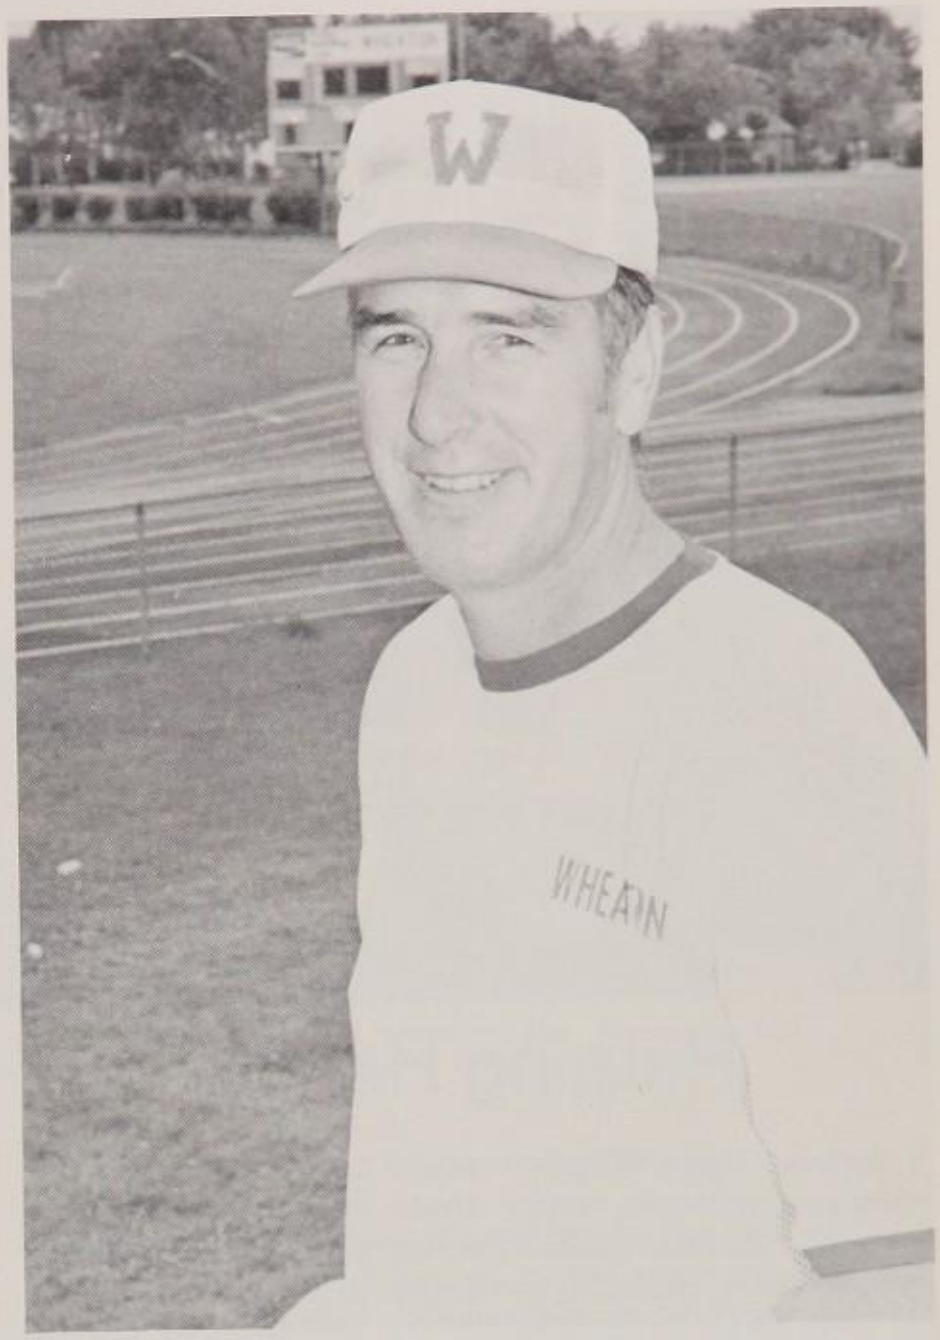
Mr. Jones sighs in relief as he makes his last round on the drivers ed. range.

Mr. Frace says "Life is a breeze with the new simulators."

(And Sometimes in the Gym)

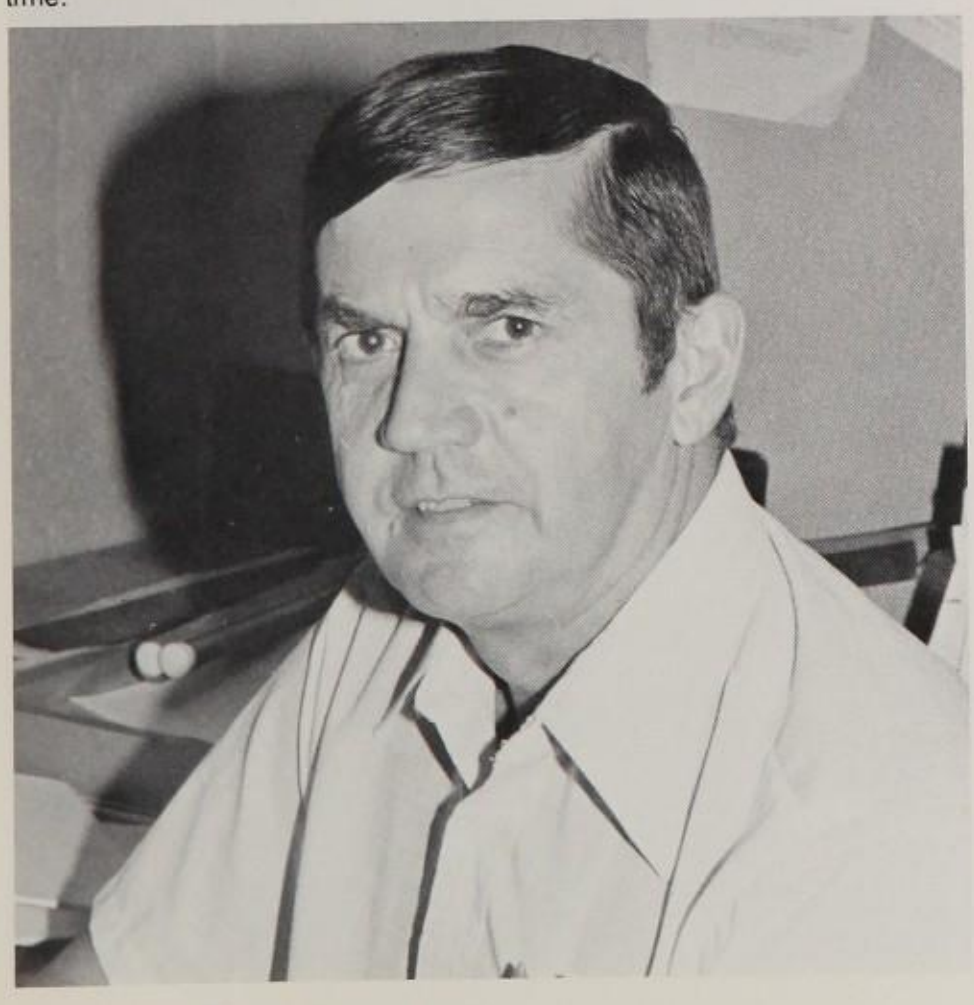
Students are required to complete four years of physical education or physical activity in order to satisfy the new graduation requirements. Co-ed and separate activities are conducted in accordance with the needs, interests and safety of students. This is an active and varied curriculum of study which stresses physical skill and the development of body and thought control.

Ms. McIntosh, a coach for all seasons.



Mr. Dupee gleams as the boys run their 94th lap around the track.

Mr. Brown gets the "thrill" of taking the students on the road for the first time.



Mrs. Garofano, Field Hockey coach and head of girls' P.E. department, has her work cut out for her.

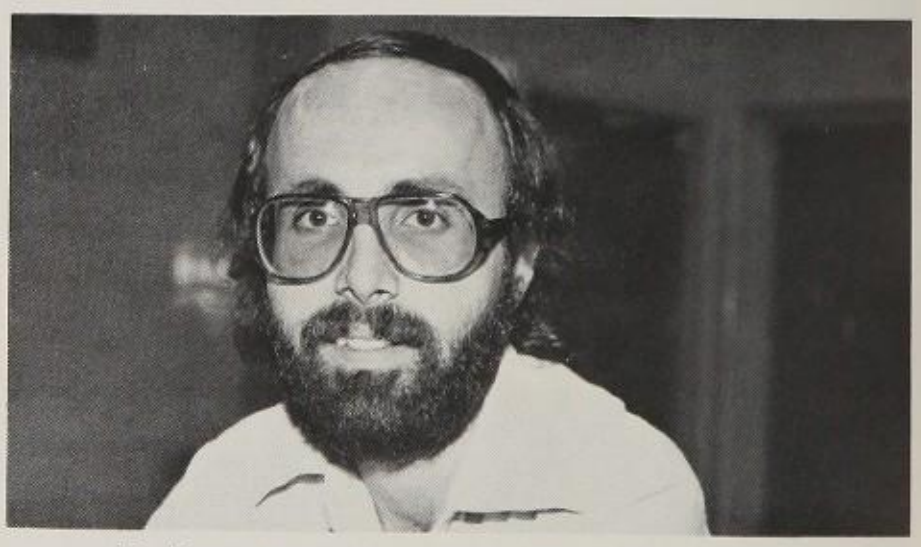
Mrs. Ravin lends a helping hand to teachers whenever needed.

Mrs. Kreis, a helpful part of Wheaton's English department.

Mrs. Young, WHS nurse, reaches for one of her helpful health hints.

Helping Hands

Without aides Wheaton would be without one of its most accomodating faculty. These members are available to render services inclusive of many varied aspects of the school. From changing bandages (a job well performed by Mrs. Skaggs) to lowering the smoke input (by Mr. Williams), aides are a necessary part of the next-to-impossible flow accomplished by the school staff. Student aides are provided primarily to counselors and teachers, to help in shuffling papers, contacting students for appointments, and in some cases, typing and dittoing masters. Their contributions often go without merit, but are certainly appreciated by all.



Mr. Kosta, teacher's assistant and Ski Club sponsor.

Ms. Creagh finds her job as a composition aide entertaining.

Without Mr. Silvious, Auditorium Technician, our plays would be in the dark.

Mrs. Skaggs, Nurse's aide, helps "boo-boos" heal fast.

Wheaton is full of help. Thanks to the following people: Back row: Mr. McCloughan, Mrs. Clements, Mrs. Thompson, Mrs. Slaughter, Mrs. Bonebrake, Mrs. Awkward. Front row: Mrs. Martain, Mrs. Carter, Mrs. Riggs, Mrs. Orrison, Ms. Daye.

Eat Up And Clean Up

Mr. Wims, Mr. Merson, Mr. Courtney, Mrs. Howard, Mr. Prather, Not Pictured: Mrs. Lee.

The supporting services staff entails the cafeteria and janitorial workers. They work diligently to provide nutritional meals and a clean atmosphere desired by all. They deserve a great deal of respect and appreciation for their efforts which produce a school the students can be proud of.

Seniors
Our three years are over
with memories still near . . .

The graduating class of 1978 has accomplished a great deal in the three years they have been at Wheaton High School. During these years, the class has won first place in the Homecoming float competition. As one of the richest classes ever in our school history, the Senior class was able to make the 1977-78 school year the best ever. The songs, dances and parties are memories that the class of 1978 will always remember. Those memories are filled with laughter and tears that will never be forgotten. As our Senior year progressed the friendships increased and relationships grew stronger. The Senior Executive Committee commenced a great and profitable year with the selling of Senior T-shirts as just one of the many fund raising projects of this past year.

Our last year at Wheaton is now over and our great years at Wheaton are behind us. Graduation is one of our most memorable experiences that we've all looked forward to. The graduating class sponsors Mrs. Echols and Miss Coaxum have contributed in making our Senior year our best year ever.

With deep appreciation to all,
The graduating class of 1978.

THANK YOU!

It's early morning
And quite cold
Yesterday I was a Sophomore
Now I feel so old.

Remember those days
Of carefree and woes
Remember the good days
Don't forget those.

It's hard to believe
We're going to graduate
Say goodbye to some friends
Some we may hate.

All the times,
We wished we were gone,
Battling the administration,
Has anyone won?

Remember the times
When we ate lunch
It was always interesting
Especially "that bunch".

Remember as Juniors
The lunch lines we had,
Looking for someone we knew . . .
It makes me sad.

Those were great times,
Under the sun
But now my friend,
Those days are done.

Remember our years
But, don't look back
For if you do . . . Well
You'll see things that lack.

We had fun!
You should remember that way
And always remember
Graduation Day.

Every other class, has gone through this
It was all the same, but
Do we leave, with more than we came?
Yes, we now know that it all was just a game.

JUNIORS

"The Song remains the same" represents the end of being second. Back in the fall of 1977-78 school year, we returned to the same routine once again. The fears and new experiences of last year were gone and we became familiarized with the many new rules and requlations. Still possessing the title "under classmen," we look forward to being Seniors, head masters of the school! As for this past year, we will always treasure those memories and good times we experienced as Juniors.

THE CLASS OF 79 . . . Doing Fine

During the summer of '77, the Juniors held two bake sales, the week before school started, to raise money for Homecoming 1977. One was held at Montgomery Mall, the other at Wheaton Plaza. The money was put to good use, by buying the materials needed for a first place Homecoming Hall which set fantastic spirit for the game and dance. The class of '79 helped to boost the Wheaton football spirit by selling bright red helium balloons at most of the home games. Later that month, the Juniors sponsored a successful dance to which most of the student body and many alumni came.

To keep the spirit going strong, the Juniors sponsored the "First Annual Almost Anything Goes" contest which proved very successful, and pulled the school's clubs and classes together with a common goal . . . to have a few laughs!!

To end a great year the Juniors sponsored another great dance in which they showed they had class like no other CLASS.

SOPHOMORES

We've made it out of junior high and now we're **"Walking Tall . . ."** There were many new adjustments to get accustomed to, especially the many new faces when we entered Wheaton this past year. We have made new friends and have become acquainted with the school and the way it operates. We are now a part of this school, we are proud and will continue to do our best to remain **"Walking Tall."**

The Class of 1980 Experiences a Good Year

The class of 1980 began this year without class officers to guide them. Elections weren't held until the closing of November. The sophomore class worked on the Homecoming Float and found that cooperation could produce great results. They won 2nd place. Homecoming Hall decorating brought out poets, along with dedicated team work and inspiring cooperation. Under the leadership of Mrs. Koch and Mr. Brown, the class of 1980 went underway with a great opening.

Reading is fundamental.

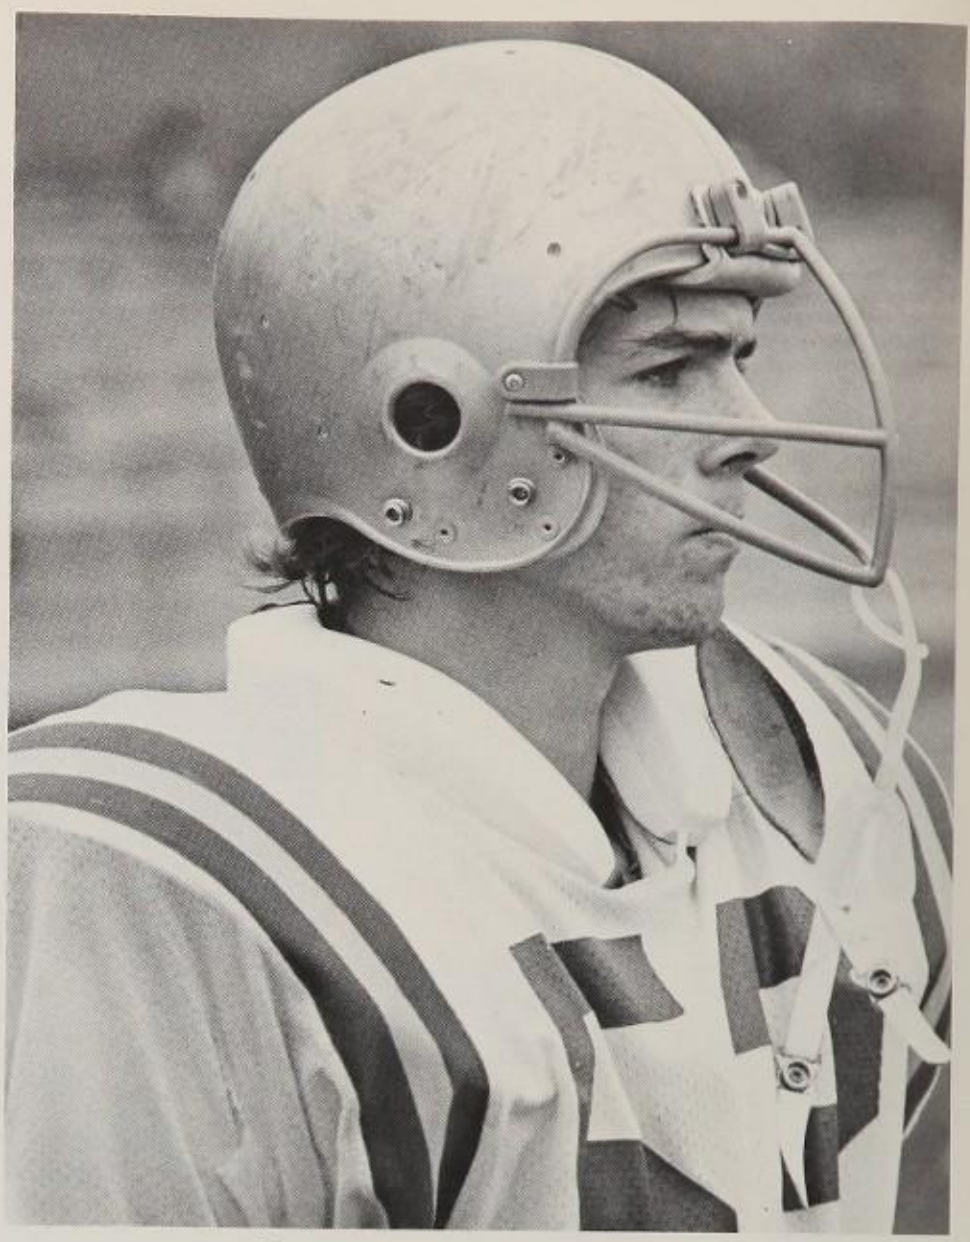
SPORTS

"Star Wars" is a fitting title for the section about our school teams. No matter what the score, winning or losing, our teams never gave up without a fight. The character of the coaches, players, and team as a whole was strong and powerful on an off the Field. The teams are open for anyone who is willing to come and try out. It takes many long hours of hard work and endurance, but in the end the players know they gave it their best shot. Every game is the most important thing.

"Semi-tough"

The Varsity Football season saw the debut of a new coaching staff — Ken Brace, Head Coach, and Bill Schnidt. The season was marked by many well played, hard fought and close ball games. Many juniors saw starting action which is good for the future. New aspects to the football team were: weekly team dinners sponsored by the football parents; team breakfasts before each game; parents film night every Thursday to review the game film. This year was a learning experience for both the players and coaches. The groundwork has been laid for a solid football program and WHS should start to reap the rewards of this program in the near future. Some highlights of the season included: winning the season opener against State B champion, Kennedy, in which Carl Brogden scored the touchdown on a 60 yard pass; playing Churchill to a 0-0 tie before losing 7-0 in overtime. All were excellent players and were strong contributors to this year's successful season. This year's season record was 2-8.

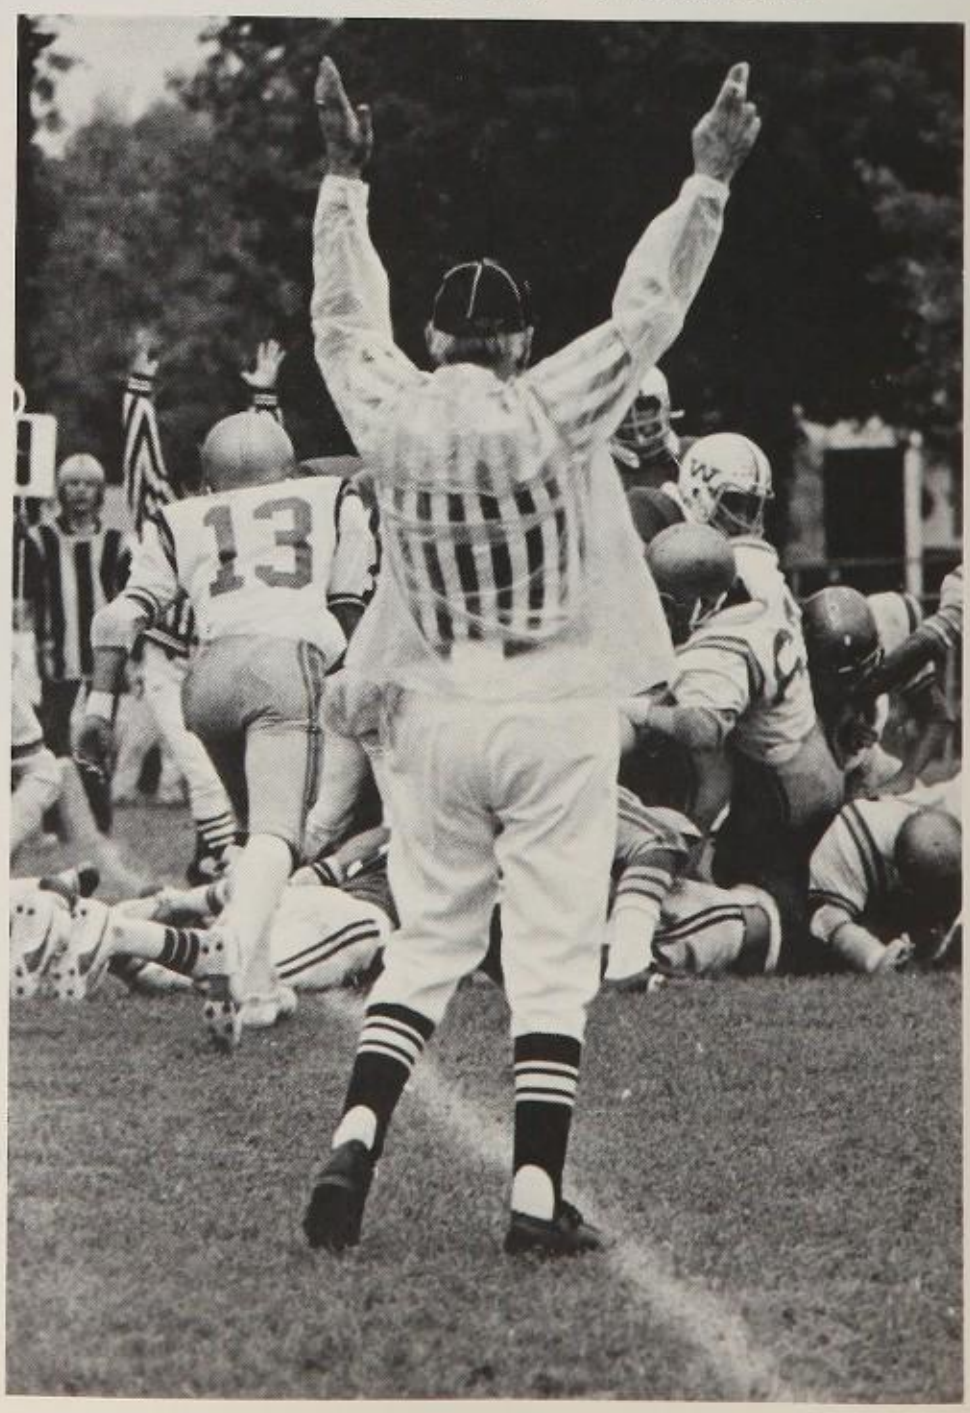


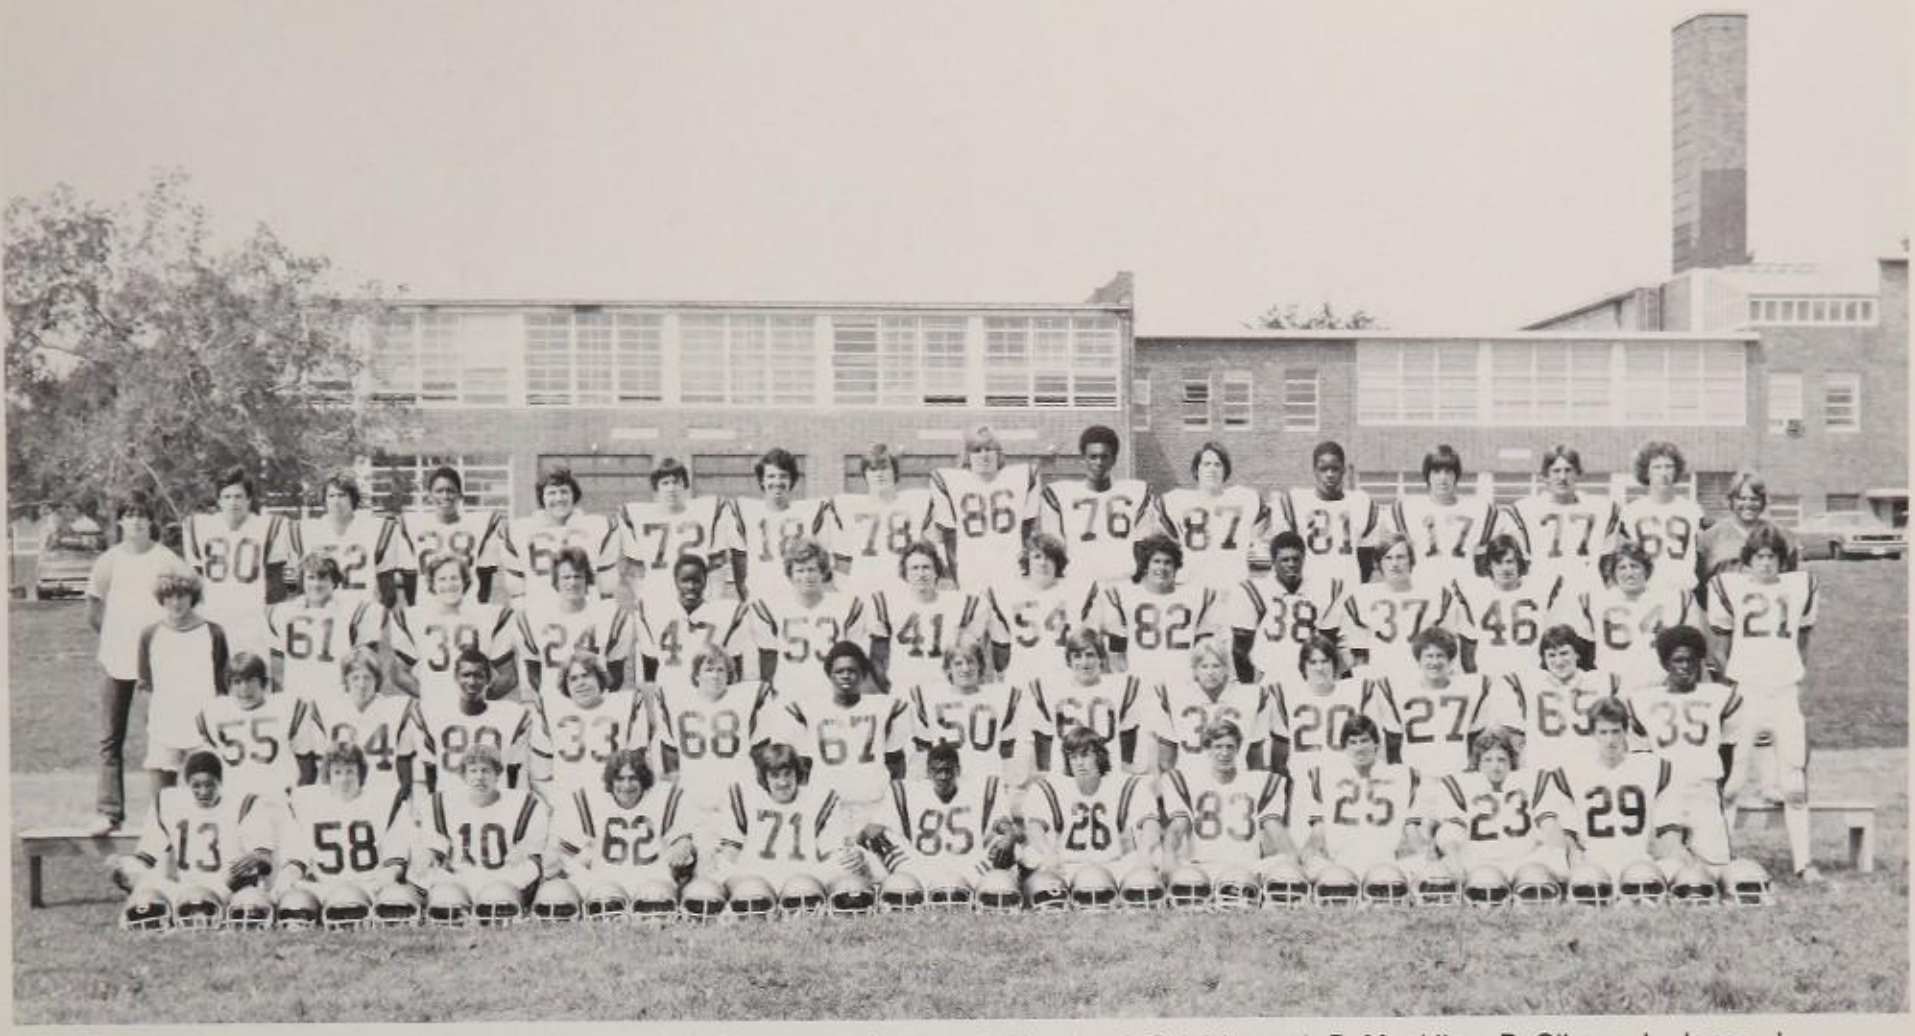
Marty Holt takes football seriously.

One of the ref's better calls — a TOUCHDOWN!

Injured during the game, Richard Prather still remains concerned.

"Has anybody seen the football?"





4th row — P. Harmon, C. Lunsford, M. Holt, M. Mason, S. Filyo, T. Hanoln, J. Sciabbarrasi, B. Muehling, B. Gibson, L. Jones, J. Lunn, S. Adams, P. Hoyt, J. Dawson, S. George, R. Brown. **3rd row** — K. DeNinno, J. Redman, D. Hodge, C. Brogden, P. King, S. Gilliam, L. Clukey, R. Davidson, R. Prather, J. Smith, J. Bleichner, H. Connor, J. Poulter. **2nd row** — B. Fezzio, J. Nix, C. Cooper, T. McMahon, M. Eppard, R. Gaskins, J. Seguin, C. Harmon, M. Northern, R. Nail, S. Abelman, P. Costopoulos, J. Riggs. **1st row** — T. Patterson, J. Wilson, B. Fitzpatrick, C. Boswell, T. Malner, C. Cooper, M. Kazynski, M. Waters, J. Dommel, M. Werle, B. Timberlake.

Wheaton Knights posed no threat; they can run through paper.

"Sorry little ant, I didn't mean to fall on you!"

Jeff Dawson's inner strength and secret — fire water!

Keith DeNinno is not pleased with the ref's call!

The other side of football — the pain.

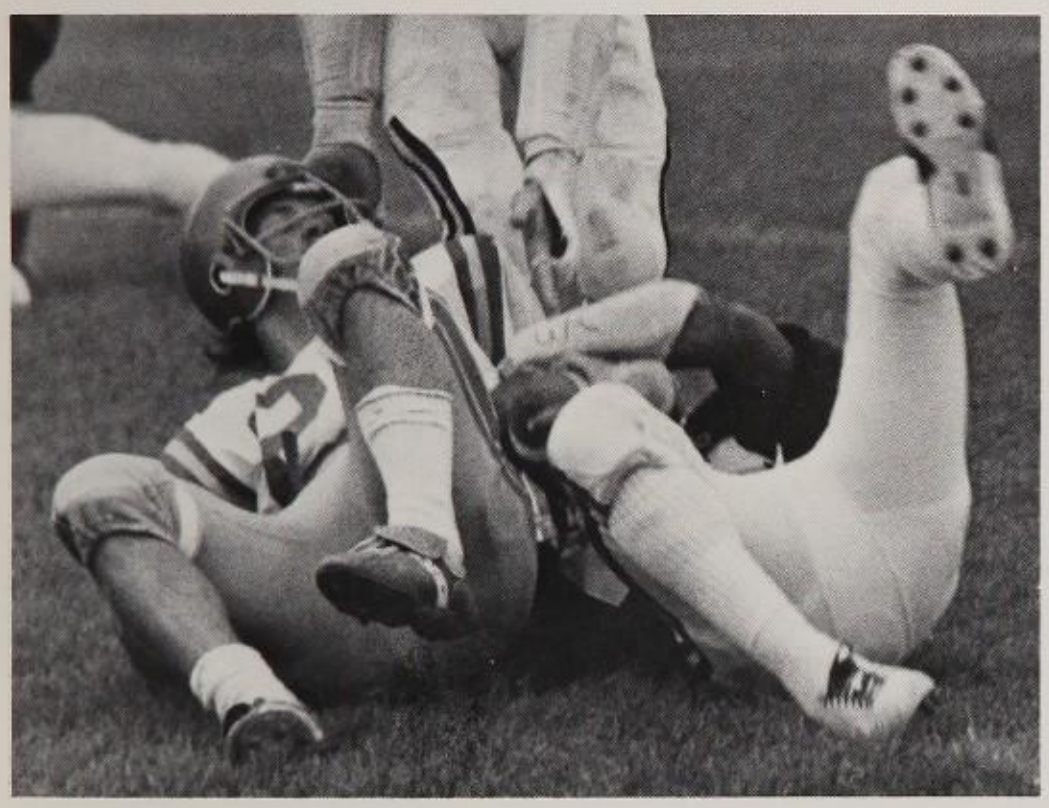
"Quick, tie his shoelaces together," whispers one Knight to another.

"The Longest Yard"

Richard Gaskins reads a secret play from a palm. (Say this three times fast!)

The front line . . . ready for anything!

The sideline looks on during a tense moment.



"Ring around the rosie, ashes, ashes, we all fall down."

Jed Dommel no longer has a face left, thanks to John Sciabbarrasi.

Quarterback John Sciabbarrasi receives fatherly advice from Coach Brace.

John Redmond stares disbelievingly as he thinks to himself. "There has to be some kind of penalty for **that!**"

"The Pack"

Injuries to starting players this year plagued the team. Each time a starting line-up was developed, disabling injuries crippled both the defense and the offense. The team was hit extremely hard, suffering injuries to 6 players and forcing the coaches to improvise each week. Despite all the adversity, the team refused to quit. The loyalty and hard work of these sophomores bodes well for the future in helping to re-establish Wheaton as a fighting team in the county.

This season the Varsity Soccer team fielded a very young and inexperienced squad. The team matured and improved together through a hard and frustrating season which ended in a record of 3 wins and 9 losses. Next year with 7 returning lettermen and a promising group from the JV, Coach Orndorff feels they have an excellent outlook for next year. Outstanding players were Joey Pietanza, who made the All County team and received an Honorable Mention in the All Metropolitan team; and Steve Chin, who received an Honorable Mention in the All County team.

"Rockin' Down The Soccer Field"

This year's Junior Varsity Soccer Team had a good season due to teamwork and enthusiasm from the team members. Coach Plasaince, in his first year at Wheaton High School, was impressed by a well-determined team. Many team members are looking forward to next year's season, either returning on Junior Varsity, or playing on Varsity.

Indoor Track Is Always On The Run.

And they are off and running . . . Randy Haines in the lead.

The cold weather didn't dampen the spirits of this year's Indoor Track Team, being coached by Mr. Gene Orndorc. The team being led by seniors Randy Haynes, Danny Maddox, Chris Sullivan, Martha Craver, and Tina Thompson, had a successful season. Also contributing their talents were juniors Mary Craver, Bob Bucher and Joey Pietanza.

Boys' Gymnastics Swing Into Action

Thanks to the 76 Olympics, the popularity of gymnastics has grown. More training for additional interested people has increased while the quality of gymnastics has improved. Under the coaching of Mr. Michels, the talented Boys' Gymnastics Team went through the season impressing other teams with their ability to perform a very demanding sport.

The girl's gymnastics team began their season with much to do. New routines had to be created and practiced, many muscles needed to be restretched, and much patience needed to be found in order to make this season a success. The patience was found and the girls set to work to build a strong team. Many hours were spent practicing and in the end all the effort showed and was well worth it.

Boy's Track: Definitely not "Running On Empty"

Keep on truckin'.

Ever try to run in the snow? First off, running is very demanding and takes a lot of determination. Second, running or walking in snow is hard work, but these are two of the obstacles the boys on the track team had to overcome in order to become the tough team that they are. Mr. Hahn's son took over the coaching spot and proved to be the great coach that his father was. The boys trained in all kinds of weather and in the end their determination and fortitude paid off by the team making a fine show.

Much stretching, much running and much work go into preparing for the meets. The girls had many meets and each one reflected the time and work that went into these events. The girls worked hard and everyone was greatly impressed.

Good Season For Boys' Tennis

Under the expert coaching of Mr. Don Housley, the Boys' Tennis Team had a successful season. Although the weather was cold at the beginning of the season, they were out, hard at work, polishing up their tennis skills. Last year's returning lettermen brought with them their skill, their experience and desire to win. This was a great influence to the new team members. This, combined with lots of hard work from each team member, added up to a great season.

A Gathering Of Agile Minds And Bodies

This past year swung into action with the participation of two clubs: The Speech and Debate Team and the Gymkhana Club. Speech and Debate, led by Mr. Day, built a strong team and competed in several Speech and Debate events. Members learned skills in both speaking and logical argumentation.

The Gymkhana Club, directed by Mr. Micheal, provided services conducive to improving gymnastic skills by students and buying better athletic equipment for the school physical education department. Members performed their activities during half-time at basketball games and sponsored the Cheerleaders Competition in December, as a means of earning money for the club.

Sing, Sing A Song

Choir is the largest performing group at Wheaton and makes numerous appearances throughout the area. It is open to all who sing. The "red robes" have been seen in several states in the past few years. The highlight of the year is the Spring trip. The mixed chorus is a choir and also a performing group. Chorus members spend much of the year developing their voices and training for choir or Madrigal Singers. The group appears at school concerts and assemblies for the junior high schools.

Seventy-Six Trombones

This past year, our school was enlightened by the sounds of trumpets and drum beats by the contribution of the Marching Band to football games and area parades. Their goal this past year, to have a larger, better and livelier group than ever before, was well accomplished by their thirty-five members. Their fund raising methods entailed selling candy and other similar activities. One of the spectacular accomplishments of the band this year was winning the first place trophy in the Bethesda Christmas Parade held in December.

Two Kinds Of Bands For Two Kinds Of Moods

Two bands existent at Wheaton High School are the Pep Band and the Concert Band. The Pep Band plays for athletic events to add spirit and vitality to the activity. The Concert Band plays mainly for concerts and some other events. It is the major instrumental support group for the Marching Band (Pep Band, Jazz Band and Pit Band for musicals). The Concert Band is basically an academic program. In practice, it is "performing academic discipline" utilizing the skills of many students to produce an aesthetic experience for each individual member.

Majorettes Twirl Sparkle Into Our Knights

Twirling their way into halftime shows and Homecoming this year were the Wheaton High School Majorettes led by acting captain Celest Tolles. Showing fine form, they were one of the major attractions of half-time shows. Another activity they participated in was competing as a marching unit in area parades. Lynnette Wolfe, Golden Girl 1977-1978, represented Wheaton as the Soloist in Majorettes for the year. Mrs. Aguirre has done a fine job in sponsoring this enthusiastic group of girls.

Our Cry Is V I C T O R Y!

The Junior Varsity Cheerleaders of 1977-1978 were very successful this past year in spreading enthusiasm and excitement at various different sports activities and other school-oriented events. Some methods of raising funds to support their squad were a dance held in November and the annual drill team competition. Whenever things got rough, you could always find a J.V. Cheerleader around to "cheer" you up.

Cheering's the Name, Spirit's Our Game

A very special group of young ladies leading the school in spirit, vitality and enthusiasm this past year was the 1977-1978 varsity cheerleading squad. Sponsored by Miss Treuenfels, the group cheered their way into all activities varying from academics to athletics. They not only exhibited their extraordinary talents in cheers, precision, gymnastics and originality, but also displayed skill in designing signs and posters and also preparing dinners and baked good for various teams.

They are deserving of much credit from the entire student body for their efforts and successes in enhancing school spirit and participation throughout the school — and each of them always wearing a smile!

A Star Is Born!

The Drama Club is composed of students who have held roles in all aspects of shows produced in Wheaton High School. This year, two shows were produced and directed by Mr. Gary; "Rebel Without a Cause" the fall strait play and "Hello Dolly" the spring musical. Along with the plays, the club has engaged in picnics, and bake sales to raise money.

The Thespians are a group of hard working students giving all they can to the theatre. A person is eligible for membership by receiving a certain amount of points which they can aquire by the amount of work done in the Drama Club.

Bard & Scrivener & Scroll Write On!

Two literary service programs this past year provided the school with a wide variety of stimulating reading material for students. Under the leadership of Miss Sharpe, the staff of the Scroll undertook the challenging task of publishing the school newspaper. Funding was provided by both advertisement and subscription sales. It was published every three weeks.

Another literary program utilized this past year was the Bard & Scrivener, sponsored by Mrs. Atanosian. Its aim was to produce an annual magazine comprised of poetry, prose and artwork derived from students of the school. This goal was successfully accomplished.

Students Express Themselves With Art

Art Services, Inc., an art club sponsored by Mr. Evry, provided a creative service to Wheaton this past year. It accomplished several goals this year; it provided needed art services to the school and Wheaton community groups, provided opportunities for school students to enrich their art experiences and greatly improved the Wheaton High School image. Methods of fund-raising included creating posters, t-shirts, and displays. The organization participated in weekly meetings and several field trips. Membership in the club was open to all students.

Chess Is King Along With Dungeons And Dragons

Yes, you could find mind-stimulation at Wheaton this past year. Two clubs offered challenging matches on a one-to-one basis such as chess, or a several party game as found in Dungeons and Dragons, a new game to hit the set. The Chess team, fairly new to Wheaton and the Backgammon and Wargaming Club, a fresh new accent to clubs this year, has a good year instituting a spirit of good gamesmanship within the players.

Bruce Lang: From Wheaton To France To The World

This past year has been an exceptionally full year for AFS exchange student, Bruce Lang. His journey started when he left in August, 1976, by plane for New York where he underwent several days' orientation. From there his next stop was Brussels, Belgium. He then moved by train to Grenoble, in Southern France, for more orientation. After several classes in French, he was sent to his first host family, in Toulouse. While Bruce was there he visited Nice, Monte Carlo, and the Riviera (La Côte d'Azur). Everything wasn't all fun and games, though, he had school Monday through Saturday with a half day on Thursday. His courses were mainly Math, History, Science and English. After a few months' stay he left Toulouse and went to Paris where he went sightseeing for a few days.

His next host family lived in Northern France, Strasbourg. Strasbourg is in Alsace and is close to the Rhine River. On weekends and Thursday Bruce spent much of his free time skiing and horseback riding. During his vacation from his school in Strasbourg. Bruce was fortunate enough to go to Switzerland. His courses in school were switched from Science-related courses to the Humanities. He now studies French literature and Philosophies.

The whole year has proved a valuable experience for Bruce. He has learned many things, such as speaking a foreign language with ease, relating to people who grew up in a different culture, seeing political and domestic matters from a different point of view, and, finally, just being totally on his own in a strange land and managing to adapt.

Wheaton's Own Cultural Clubs

The BLACK UNLIMITED CLUB had a good year under the leadership of Mr. Housley, a history teacher. Their highest aim of bringing different personalities together was successfully achieved. To raise money for the club, members sponsored afternoon bake sales.

This year's GERMAN CLUB assimilated a new image with the novel ideas of Mrs. Preston, the fresh addition to the Foreign Language department as a German and French teacher. Members successfully achieved their goal of holding a better understanding and more experience of German culture through attending German cultural events in the area. Included among these were concerts, Fasching celebration in February and Embassy presentations. They also dined at German restaurants and met for extra readings and translations of the German culture. Membership was open to all students interested.

Kung Fu Goes Skiing

Two active groups in school this past year were the Ski Club sponsored by Mr. Kosta and the Judo Club directed and taught by Miss Allen. Both groups indulged in the excitement and relaxation of physical activity through learning techniques styles and other various aspects of judo and skiing.

Both clubs are self-generating and develop mainly through enthusiasm. Membership are open to all interested.

Tech Crew And P.A.: They Light Up Our Life

The P.A. Announcers, a vital source to the Student Body of Wheaton, were very successful this past year in greeting students every morning over the public address system. They reported of various events, club meetings and other facts of interest concerning the school. As the year progressed, originality and wit enlightened the mornings and the service was appreciated by all.

The Tech Crew, another vital service to the school, provided efficient and excellent service to various school activities. They provided audio and lighting for many school functions and although seldom seen, were always working "behind the scenes" to maintain a smooth atmosphere for production.

GSA And W-Club, Winners Every Time

Two athletic clubs provided again this year were the traditional Girls Sports Association (GSA) for girls and the W-Club sponsored for boys. Mrs. Garafano directed the GSA Club this year with the purpose of arousing interest by students and parents of girls' sports and promoted an opportunity for girls to participate in girls' sports and promoted friendship, sportsmanship and character.

Mr. Moquin headed the W-Club this year, for young men who have lettered in a varsity sport. The goal this past year was to produce an athletic banquet for recognition of athletes within the school.

The W-Club is a service organization designed to promote athletes and athletics in the school and community.

The Armed Services Of Wheaton High

The Rifle Drill Team, sponsored by Mr. Silvious, had a very rewarding year in competition. They concentrated most of their time and efforts on marching in parades such as Gaithersburg, Hagerstown, Bethesda and Winchester. They placed highly in several parades this past year. The Team is one of the largest one at Wheaton since the late sixties and one of the most triumphant.

2001: The Future Intellects

Two academic clubs active within the school this past year were the Physics and Astronomy Club and the Math Team. The Physics and Astronomy Club, under the direction of Mr. Barron, took various field trips this year to Greenbank, W. Va., NASA, the Air and Space Museum and several stargazing trips. These trips enriched their study of stars, astronomy and physics subjects.

The Math Team sponsored by Mr. Casto, competed with other schools in Montgomery County. Competitions consisted of doing a variety of challenging math problems in a limited amount of time. Their goal was to achieve the highest team standing possible in the competitions.

DECA is co-curricular with Distributive Education. The D.E. program is an instructional program in marketing and distribution. DECA has four major objectives: leadership development, civic consciousness, vocational understanding and special intelligence.

The Wheaton Chapter of this club participates in several community projects. They also participate with the DECA chapters throughout Maryland in various competitive events.

The school Bank is responsible for the handling of the school's money transactions. Under the leadership of Mr. Smith rough times such as the intake of money for the pictures, yearbook and gym clothes were handled with ease and efficiency.

ACTIVITIES

"Let the Good Times Roll" symbolizes Wheaton. Good times flow at our school. There is always something going on; Wheaton is always bustling with activity. There is always something for people to get involved in, if they are willing to come out and try.

Pep Week

Hall decorations showed off talent and pride this year as the Junior class won first in the hall competition for their "Reflections". Seniors came in second for their "Pearly Gates of '78", and Sophomores came in third with "Raise Up Your Shields 1980".

Pep Week proved to be fun as many students dressed up for Clash day, Kiddie day, Nostalgia day, Pajama day, and Jersey day.

The J.V. and Varsity Cheerleaders led our Home Homecoming Parade this year as the 1977-78 Majorettes and Golden Girl, Lynette Wolf, followed behind. Chris Glass, our one and only Drum Major, led our Marching Band and Girls Drill Team.

The Homecoming Princesses led the way for our class floats as the hard working Seniors won first place. Sophomores came in second, Juniors third and a new comer this year, D.E.C.A., came in fourth place.

Pep Rally Tells It All

At the Pep Rally the J.V. and Varsity Football Teams were introduced along with the Boys Rifle Drill Team. Speeches were made by the Varsity Football captains concerning the team's deep feelings for Coach Brace.

Awards were given to Harold Conners, for Cutest Baby, to Chris (Buzz) Harmon for Most Improved Baby and to Jed Dommel and Mike Waters for the Cutest Legs. Homecoming Princesses were chosen for the following day's festivities.

The skits that were perfomred were "Fruit Of The Loom" by Varsity Cheerleaders, a "Strip Act" by Golden Girl, Lynette Wolfe, "Super Nights" by J.V. Cheerleaders, and "Whooton Newtons" performed by the Girls Drill Team.

Drill team salutes to the crowd encore.

Susan Kagen announces the princesses and their dates.

Whether it be Senior, Junior, or Sophomore everyone had a nice time swinging and swaying to the music of Reflections. There were approximately 200 couples that had gathered for royal event, and as usual, the atmosphere was just perfect.

As the night climaxed and sadly came to an end Carolyn Stortstrom happily took her title as proud homecoming queen 1977. She and her escort, Bob Davidson, dazzled the crowd with their royal performance by dancing the traditional dance. The night proved to be a big success for everyone.

"Rebel Without A Cause" — a success

Directing his first play at WHS, J. Vaughan Gary, Jr. has kept the tradition rolling — the tradition of successful fall dramas. This year's production was the story of a high school senior, Jim Stark, who must prove himself in order to be accepted at school. After an accident occurs, Jim struggles with identity problems, values, and responsibilities. This play is as relevant today as it was back in the 1950's. Much of the success of this production was due to the many hard-working and dedicated crews, who we could not have done without.

Buzz challenges Jim — to a test of courage.

Breakfast is a funny time for all the Starks.

The Gang — ready for anything.

The Good, The Bad, and the UGLY

Every week day before 8:10 a.m. the school parking lot becomes a mass of confusion. The cars come in a variety of shapes and sizes, ranging in all colors. Before the cars are in sight the sound is heard, the mighty roars of their powerful engines. The cars rush around madly trying to choose the right spot, to show off the great paint and wax job. Also, to capture the right profile with the right sunlight.

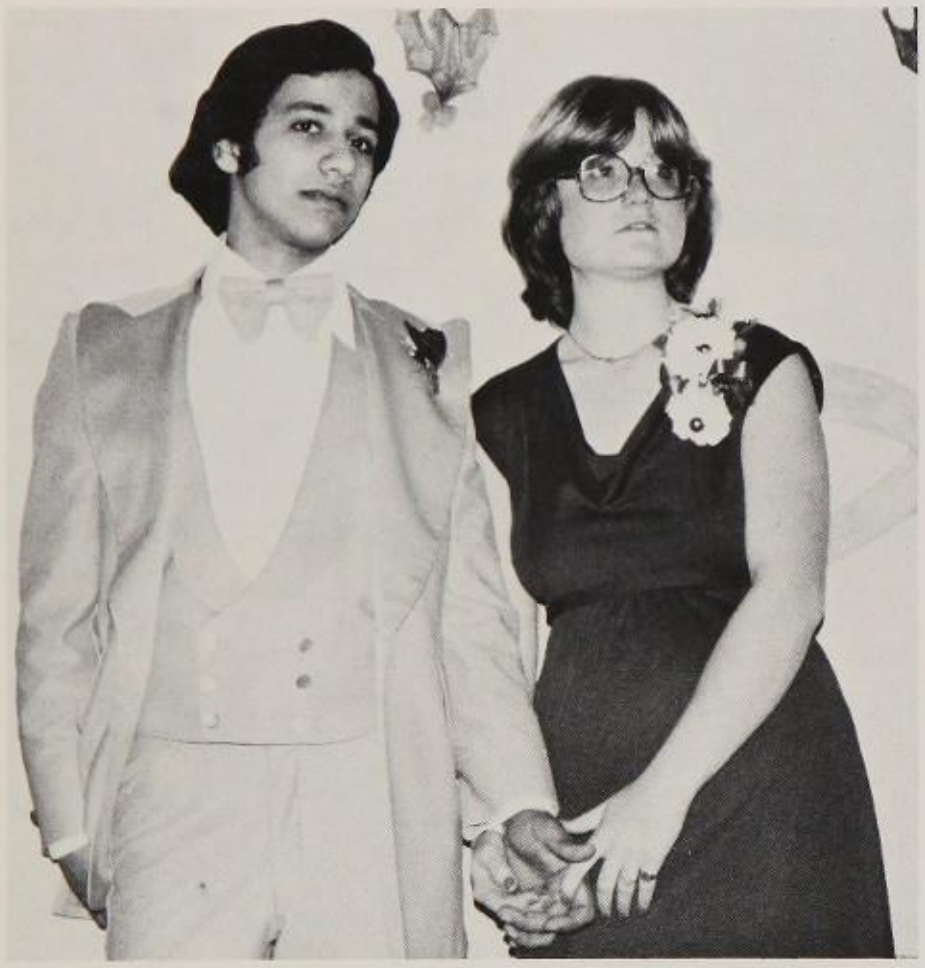
An Olde Fashioned Christmas

"An Olde Fashioned Christmas with you" was Wheaton's Theme for the Annual Christmas Ball. The gym was fantastically decorated and filled with the Christmas spirit. Everyone could feel that Christmas was near and that Ole Saint Nick would soon appear. To top the occasion the air was filled with the sound of Rainbow.

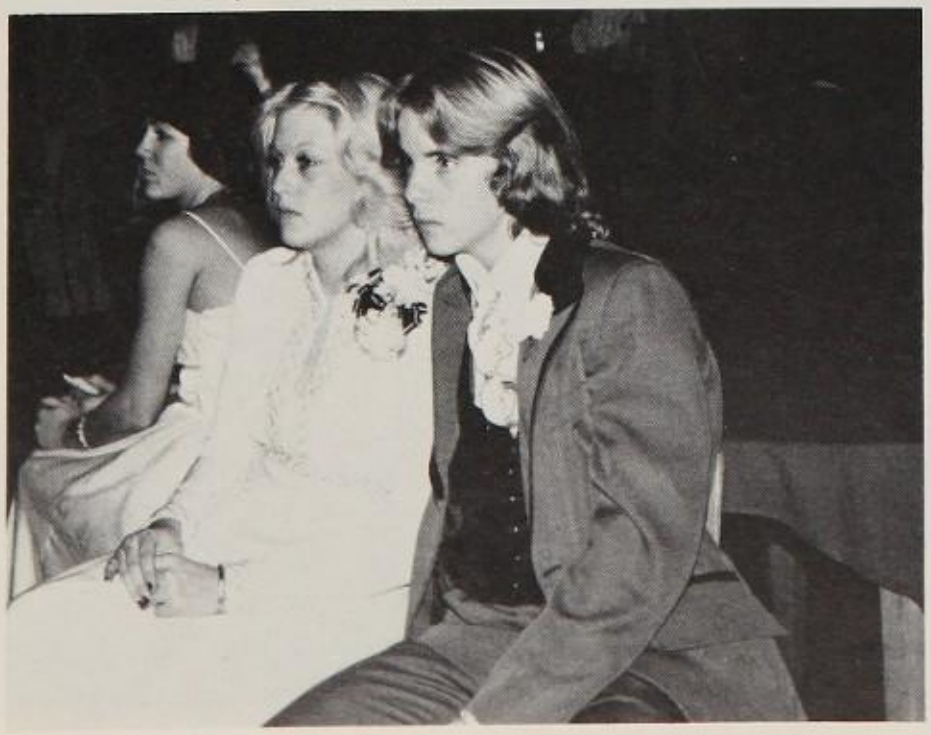
Our Christmas Ball would not have been complete without a queen, and by the fortunate choice of Mark Sweeny, Janice Rhodes became Wheaton's Christmas Ball Queen of '77.

Janice Rhodes is happy about being Queen.



A tender moment is portrayed by Peter Ibriham and Judy Wheeler.

Bobby Poole and girlfriend are in dreamland.



The cafeteria serves as a peaceful hideaway for Steve Walker and Mary Cruz.

Sue Albert and John Deem just love to dance.

Debbie Myers whispers sweet thoughts in Mike Northern's ear.

Julie Kreh, Keith Biscarr, Mary Martin, and Tim Tutsock can't wait for the dance to begin.

Margie Albert never knew Mark Miller was camera shy.

An Irish Fling

In the past years at Wheaton, a St. Valentines, Sadie Hawkins dance was held. This year for a change a St. Patrick's Sadie Hawkins dance was given and instead of dancing to hearts, everyone danced to clovers. The gym was properly decorated in the St. Patty's tradition. Shamrocks and leprechauns were the spirit of Wheaton's first St. Patrick's Day Sadie Hawkins Dance. The air was filled with the great sound of Reunion. Without the sponsorship of the sophomore class, the dance would not have been such a great success.

Eddie Cockrell and Tamera Land are deeply moved by the music.

Elaine Trinquero and date do the Hustle.

Terry Biss is the St. Patrick's Dance Queen.

Ellen can even boogie with Mike Jones while her eyes are closed.

Zelia Lewis wonders if she should ask Rusty Baltimore to slow dance.

Ray Gugliotta and Sherri Roby rest their feet for a while.

The camera catches a shy couple.

Nancy Trudewind eavesdrops while her sister Theresa and date discuss the night's events.

Cathy Ensley wishes Jim Hrozencik would dance closer to her.

Varsity Show

This year's Variety Show was sponsored by the choir who took the profits for a trip to Florida.

Consisting of twenty acts, the show included dancing, singing, and primitive joking by the nights Master of Ceremonies, John Redmond.

One of the favorites of the evening was a performance by Tom Stewart who wrote a beautiful song, put it to music and sang it in a perfect voice.

Kim Strong was another fine entertainer who performed a "Shields and Yarnell" routine in a classical ballet.

Although every year someone sings "Day by Day," the duet of Kathy Wells and Anne Leek seemed to fill the atmosphere with more spirit than in the previous years.

The highlight of the night was Richard Gaskins, who appeared on stage in wig, make-up, and gown, portraying Gladys Knight, while Ed Bonner, Steve Filyo, and John Redmond followed in the familiar steps of the Pips.

Jim Casertano, Luis Castro, and Colleen Myers also portrayed their talent through the theme song of M.A.S.H.

Dee Everett singing "Your Song" and Tony Howell singing "Bridge Over Troubled Water" were also a great success.

The mother-daughter team of Mrs. and Thea Coblentz, along with Margie Albert and Rita Clark made a hit that night.

To conclude the show was the hard rock band of Mike Milstead, W.H.S. graduate Jeff Love, and Good Counsel students, Mike Reid and Rusty Scholl.

Overall the Variety show was a worthwhile event for everyone who attended, and could have been for those who didn't.

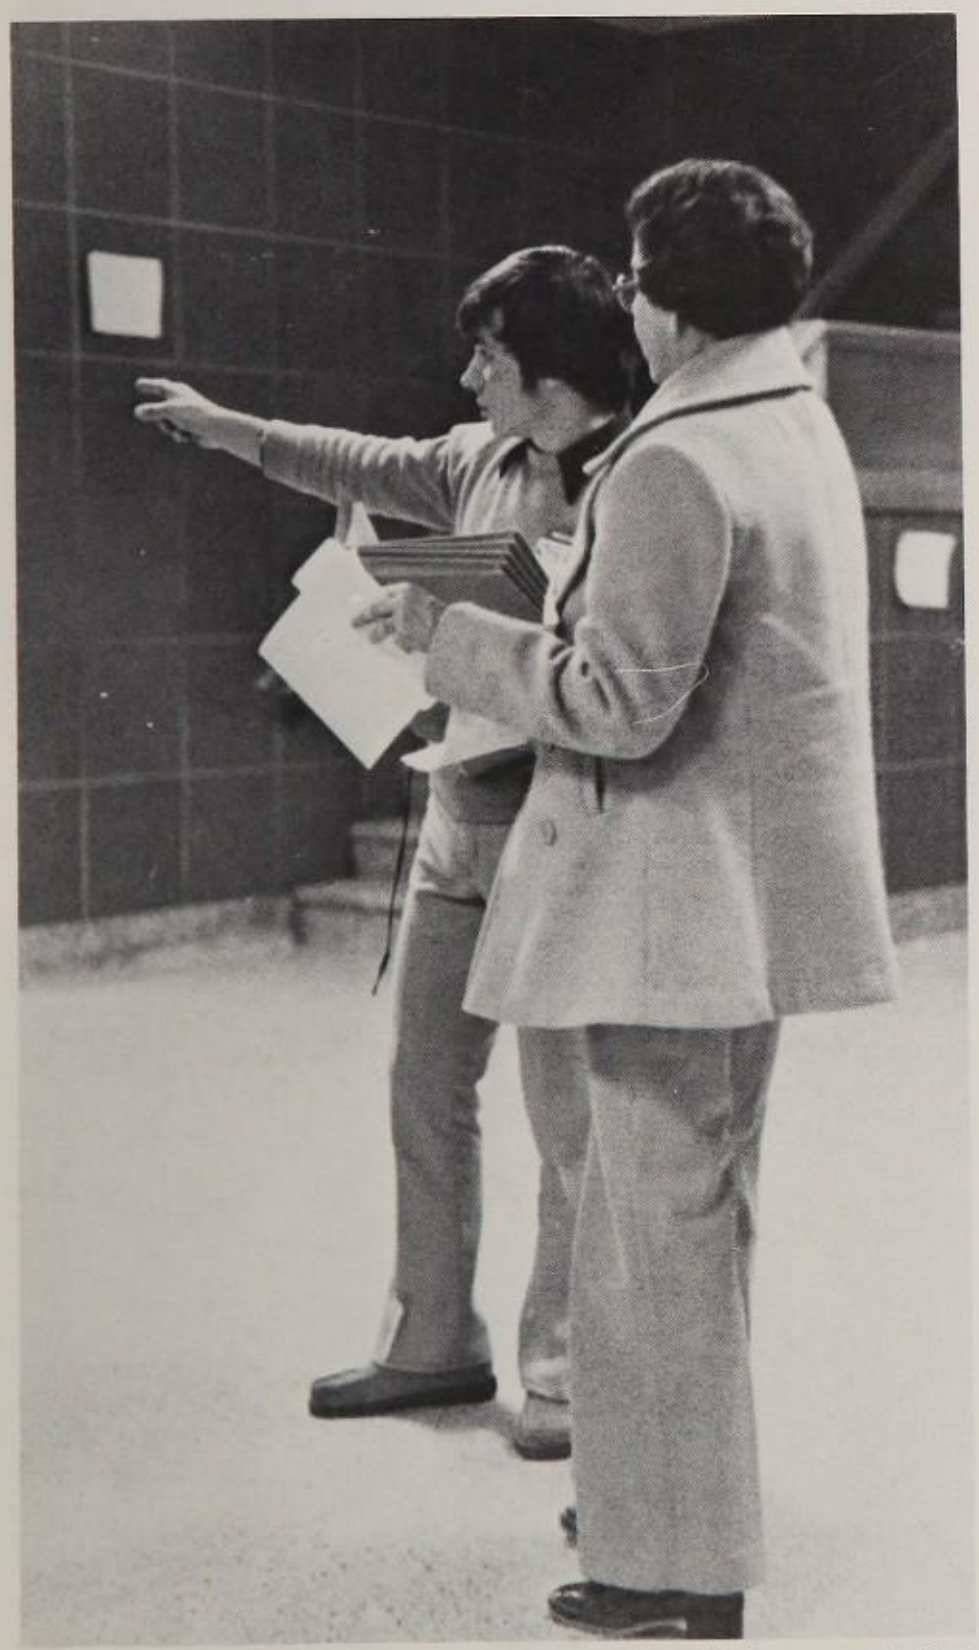
Paul Preston Proudly Performs his Pantomime.

Linda Grant and Ray Villimore portray the disco scene.

Gary Plummer, Eddie Celenza and Mike Clark really know how to jam.

Steve (Elvis Presley) Finesilver shows off his hidden talent.

"Some people say this class is out of this world, but I try to keep it in this galaxy."



"Well some say that's the cafeteria, but it's debatable," comments Nino Pino.

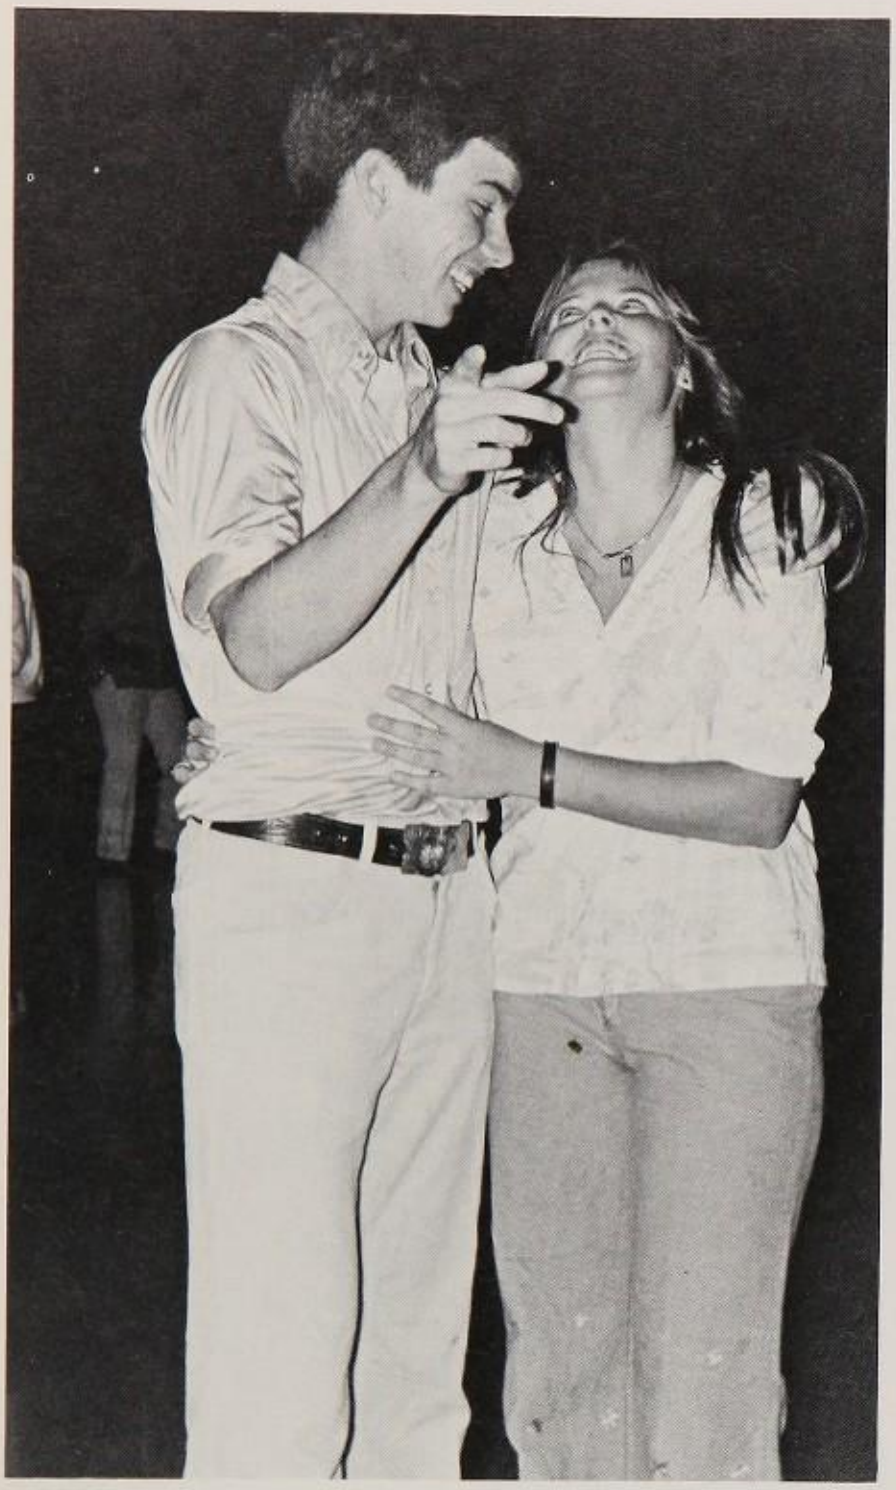
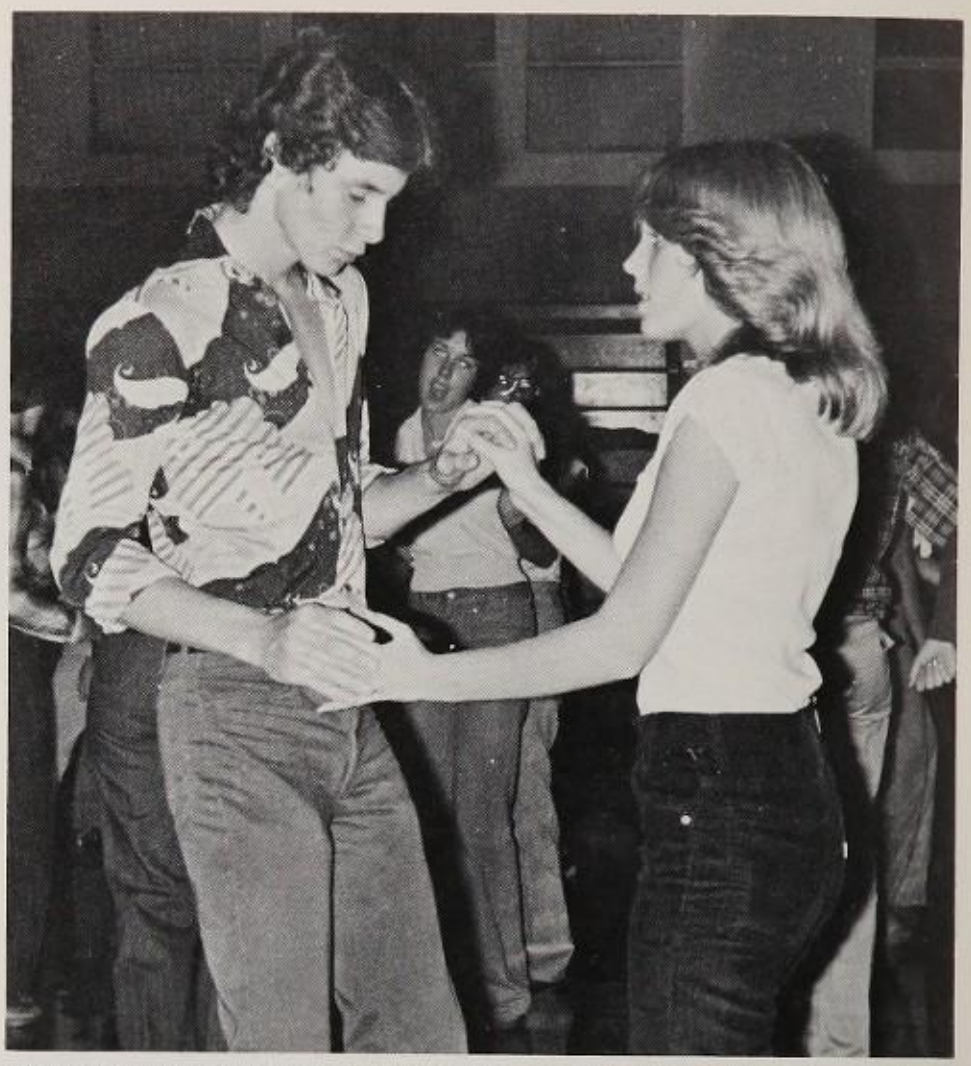
Take A Chance At A Wheaton Dance



"Who am I pointing to?" Mike Lovejoy asks his date.



Don Hinkle and Lois Glaze are deeply concentrating on their dance steps.

As the new school year got underway S.G.A. sponsored the first "Jean Dance." The "Kick-off" Dance, this dance kicked off a new year of events for Wheaton.

Weeks later the Senior Class held their first dance of the year with the sounds of "Hard Cider." This dance was a big success for the Sr. Class.

Other groups of the year were "Free Spirit," "Rainbow," "Early Morning," plus "Toulouse" and their fantastic light show, all added together to make Wheaton weekends exciting.

Onlookers debate about who will dance with what girl next.

The crowd chats with band members at breaktime.

This year, Halloween night was thoroughly enjoyable for numerous individuals that attended a Young Life masquerade Party at the Randolph Rec. Center. Heading the mad masquerade party was Walte Loope, his wife, and his associates; Chris Hamilton, Royce White, and Jodi Capiello. Costumes ranged from French to Spanish; a drunkard and the Mafia, to Groucho Marks and Raggedy Ann and Andy. The evening's events included singing songs, participating in skits, and watching an annual "Pig Out!" Refreshments, consisting of punch and cookies were served at the end of the evening. In summation, laughter and good clean fun made the evening a total success.

One, two, three, MUSH!

"Hello, Dolly" Wheaton's Spring Musical

Under the direction of Mr. Vaughen Gary Jr., Wheaton's spring musical, "Hello Dolly!" was a great success. Holding the lead plus were two talented performers, Debbie Harris as Dolly and Eddie Bonner as Cornelius. Also holding key roles were Walter Hook as Horace, Rita Clark portrayed Mrs. Malloy, Minny Faye played by Linda Henschel, and the role of Barnaby being shared by Paul Preston and Steve Holland, each played the part for two nights. A special thanks is due to all crew and Mr. Silvious.

Rita Clark tells Walter Hook It's unheard of for men to be in a hat shop and Dolly agrees.

One Flew Over The "Coo-Coo's" Nest

Karen Jordan (editor-in chief), keeps the yearbook staff alive.

Lance Editors: L. Reinecke, K. Woolard, T. Thompson, K. Coscarelli, C. Ensley, C. Nichter, D. Morris, C. Normandy, V. Thompson, S. Murdock.

The 1978 Lance Yearbook staff began work on the yearbook early in September and did not finish until June with the delivery of the books to students. Many late afternoons were spent typing, cropping, and dreaming of J.G. while watching The Flintstones and Mickey Mouse on television. Despite many problems, such as lack of typing ability, late pictures and early deadlines, the Lance staff produced their final project, "The Lance." Mrs. Fowle, our sponsor, and Mr. Blanton, our company representative, were always there answering questions and helping us regain our sanity after deadlines. So the yearbook staff proudly presents "The 1978 Wheaton High School Lance." ENJOY!

3rd row — K. Woolard, Mrs. Fowle, D. Boyarsky, K. Cosarelli. **2nd row** — S. Bushnell, T. Biss, K. Kelly, C. Hansburgh. L. Craun, C. Ensley, D. Morris, V. Thompson, K. Jordan. **1st row** — T. Thompson, E. Weber, C. Normondy, L. Reinecke, S. Murdock, R. Plummer, L. Prather, C. Nichter.

"Linda, did they **actually** look like that in the sixties?"

Cathy Ensley and Karen Coscarelli stay busy as bees.

"An apple a day keeps the deadlines away," thinks Carole Nichter.

Sharing is easy for Virginia Thompson and Donnia Morris.

Lori Reinecke and Kim Kelly are fast, efficient workers.

Frankie Fash and Sue Bushnell study every picture carefully.

A Dedication to Mr. Hearn

For the past eight years you have been here
There have been times for you to fear
When the concerts came like a flock
We all seem to be in a state of shock
The lights were dimmed and we all walked on stage
Waiting for you to turn the page
When the sounds of the music were heard
You turned to the audience, for applause well-deserved

S.W.

Our deepest thanks for the time and energy
that you have given to the Wheaton High School
Choir. Your dedication is one of a kind.
Best of luck always to you.

Lance Staff Acknowledgments

Many thanks to Mrs. Giove, Debbie Doyle and David Lieb for their fine photography. Thanks to the main office secretaries for the use of their typewriters.
Thanks to Teresa Mauck and Nancy Koski for their emergency typing ability.
Thanks to Miss Leonard and her typing classes for typing SENIOR bios.
Thanks to everyone who has helped in the least.

And a very special thanks to Mr. Riddle who helped us out with little, but major details in our production and who kept us working, remembering that there was at least one person out there who wanted his yearbook. "Where's my yearbook?" Here's your yearbook, Mr. Riddle.

Mary,

May 31, 1978

Well, our year as almost over. We really have just begun. I was so glad you and I are still friends. I am glad you helped me out in several ways. I am glad I have a friend like you. We enjoy having you on our camping trips. Remember the gup [illegible] the camping clubs, and campgrounds. The feets that we have had are long for-gotten, I hope. I will never forget you. Thank for being there when I needed you. Remember all the fun in the piece with me. Doctor. Remember, if you want, Mark and Greg. I will invite you to my pool and dances at the pool. I wish you luck in any job you get or what ever you do. We will have to stick together as friends. I enjoy being with you alot. You mean alot to me. Yes is sad that our days are coming to a close. I will miss all the fun we all had and all the cruising we did, & Beaks, work (wow) and driving to school or beautiful days. When I get my CAR we will have a double of "cruisin". We did have hardtimes, but they will be forgotten. Your friendship with me has meant alot. You are a super, fantastic wonderful person who is hard to forget, especially at Callaway, Maryland State Sanitoreo. How can we forget that. I want you to stay as nice as you have a good head on your shoulder

dollar underneath Andy Gibb's head,
n as big as Greg's head! Peter, stay
cool and don't eat too much or else you
will look like me. I am glad I met
ou in 9th grade in Mr. Bretch's class.
Peter, well I have to end this now
).

Congratulation's

Once a friend, always a friend.

We finally made it to the top to become Seniors. Hope you had fun this year because I knew if you had or not. I knew you will not forget this year because of the three English teachers we had, (Moody, Eisenhuger, & Delia). Remember the fun when we skip class, hard work and also the thesis paper we had to do. Well run out of good fun memories of this school. See over the summer and the years to come. Take care of your self in the future. Bye

Love,

Rosalyn V. Hill (ROZ)

The last class of the year.

Mary,

I was never any good at signing year Book one reason was my boring writting. Because the other reason was I never like good Bye to someone I love to when all my friends ask me to sign there Book I feel depressed then Board I also hate this word Bye Bye Bye Bye Bye Bye this is why I chance call me.

8/6-7/76 Your friend always
Carl Ryan
P.S. Keep in touch

Mary,

I don't know you to well but I know enough to see you're a really sweet person. It was fun sharing your un shortcultur-even though the class was pretty boring!

Love,
Dawn
Broncia

like only known you a year but I wish I met you longer. Good luck with the new girl and stay out of trouble.

Love always
Brian Carpenter

Mary,
This year I have met so many new people - not only at school but also at work. I am so glad you were one of them.
Love,
Lisa Curtis

ork. We've had so much fun. Remember Drivers Ed. talks about our slumber party, that was fun. Thanks for everything. Stay as nice as you are. Keep in touch. 942-2909
Good luck in the future.
Love always,

Good luck in
Always

Mare,
Well it's almost over!! It's been great being friends
with ya! We had alot of good times. Thanks for
being a great friend & always being there.
Always remember all the Cruizing, racing,
(camero's) practically killing me @ Dawn,
ice skating, Roller Skating, supposably shopping,
and all the other places we went. Memories
of all the decent phrases we had &
ran through to the ground. all the
rowdies in this school, not to mention
any names <u>mare</u>. Always watch
out for Warewolves of London, & don't
eat no yellow snow. From David
of course. You really shouldn't give
up on Jim so easy. Maybe someday
you'll get a ride in my Vega, if it
starts with you in it. & and it wont
have a name like Ethel, I promise.
Always remember to drive with your
Windshield wipers going and your
legs Crossed & go more than 10 miles
an hour. And next time don't try to kill me
Barbie, just Barbie. Well I'm running
out of room, so I wish you lots of happiness
Luv ya. Give me a call sometime

finally made it, three teachers late, but we made it. Have a great summer and the best of luck always in whatever you do. Shaun Levine '78

I wish we could've seen each other more these past 3 years. But, oh well. I wish you much luck & happiness for the future. Please keep in touch. Good luck
Linda Conley

Hey Pork!
I'll never forget you because of that name. And I hope you never forget me. Mary. It's been a long good luck in all that you do and keep in touch. P.S. I'll come up and see you at Zayre every Sunday. Lots of love, Marina Miguele
(3 years but we made it (Miracles never cease)
Have a great summer & Mary's are Best &
Mary Nowotny
"78" is best

mary
It's too bad we didn't have any classes together this year. Remember all the fun at good ole Zayre. Good luck always. See ya over the summer and at work. Take care
Love ya
Teresa

Hey Mutt-Nutt,
Hasn't it been fun. We've known each other so long & been through so much. Duck-Duck and all. I shall miss you & your laughter after we graduate, so stay in touch. Have fun in D.C & I hope I see you there. Take care of yourself & enjoy life. See ya around
Love, Luck, happiness, & peace

Well not come But when mad did not much. just forget to. that much. just forget to. class that to see me over the summer. didn't get to see you over the '78 Hope Have a Fun Class of. Maureen you and to see you Fun Class Tom

We have been through seven long years. Some of them not so good but most of them were great. Remember in 6th with you (me) & Donna at one table in Mrs Tulcomer class. We really thought we were big because we were in 6th. Then 7th came and it was a thrill to be in a Jr. High School. Then 8th went by and we came to 9th. There was that feeling again real BIG. Remember 50's day in 9th with the Dance after School. The Sock Hop was a blast. Remember Mr. Schellipi & Mrs. Stevens dancing in the middle of the room. Then came the Bunny Hop and we all though we'd wet our pants because of all the Hopping. Then came the Big Senior High School. 10th grade was a little scary because the school was so big. Remember the rings we ordered and couldn't wait to get them next year.

Murray,
Hey there! I
too bad we didn
get to have any
together this year. well,
at least we had homeroom
the halls I'm sooo glad that
we've been friends these past 3 yrs
you're so sweet, promise me you'll always
stay that way. And don't forget me
have a nuts & things we did. Take care, and
fantastic future. Bye,
Faith

Mary, What can I say! NOTHING!
Love,
Kaycee H
You will never ever forget me!
Love,
Magic Mongo
hhhhhhhhhh.

Mary, What can I say! Bleeeeeeeehhhhh!
We made it through
a years of Leonard's class!
I think we deserve a lot more
than congradulations. "Have
you got fun in your mouth?" or
"What are you combing your hair"
Remember these famous quotes, they
should help in wher you enter the
real world. Have a great summer!
Best of Luck in all you do!
Love, Lynda
"Got any candy?"

Bye,
Cackles!!!

It's been fun in our senior year even though we had a couple of fights made it through the year, even though the year was so stressful. Good luck in the future and I hope in the future you learn how to drive a car. Good luck and hope to see you at graduation. Ocean City, Natty Thorpen '78'

Dave

Hey Bonnie it's really been a fun year! I'm glad we've been a real sweet & outrageous stay the way you are and I know you'll go far! Have a great summer and much success and happiness in whatever you do! Take care keep in touch!

Love

Mary,
Can you believe we are graduating?
It doesn't seem real! I'm
glad I got to know you, you're
really nice. Too bad it was in
English though. Hope to see you in
the future! Much Happiness
